INTRODUCTION TO THE PUBLIC ACCOUNTS

Nature of the Public Accounts

The Public Accounts is the report of the Government of Canada prepared each fiscal year by the Receiver General as required by Section 64 of the Financial Administration Act.

The report covers the fiscal year of the Government, which ends on March 31, and is prepared from data contained in the accounts of Canada and from more detailed records maintained in departments and agencies. The accounts of Canada is the centralized record of the Government's financial transactions maintained by the Receiver General in which the transactions of all departments and agencies are summarized. Each department and agency is responsible for reconciling its accounts to the control accounts of the Receiver General, and for maintaining detailed records of the transactions in their accounts.

The report covers the financial transactions of the Government during the year. In certain cases, parliamentary authority to undertake transactions was provided by legislation approved in earlier years.

Format of the Public Accounts

The Public Accounts is produced in three volumes.

Volume I presents a summary analysis of the financial transactions of the Government while **Volume III** contains an annual consolidated report on the businesses and activities of all parent Crown corporations together with a listing of all Crown corporations and other corporate interests of Canada.

Volume II is published in two parts. **Part I** presents the financial operations of the Government, segregated by ministry while **Part II** presents additional information and analyses. The content of **Part II** is summarized as follows:

- financial statements of revolving funds (Section 1);
- financial statements of departmental corporations and other entities (Section 2);
- supplementary information required by the Financial Administration Act (Section 3);
- accounts receivable (Section 4);
- professional and special services (Section 5);
- construction and/or acquisition of land, buildings, works, machinery and equipment (Section 6);
- transfer payments (Section 7);
- public debt charges (Section 8);
- payments of damage claims, ex gratia payments, Federal Court awards and nugatory payments (Section 9);
- federal-provincial shared-cost programs (Section 10);
- other Government-wide information (Section 11); and,
- other miscellaneous information (Section 12).

Airports Revolving Fund

MANAGEMENT REPORT

The accompanying financial statements of the Airports Revolving Fund have been prepared in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year. The primary responsibility for the integrity and objectivity of the data in these financial statements rests with management.

These financial statements were prepared in accordance with the significant accounting policies set out in Note 2. Some of the information included is based on management's best estimates and judgements, which give due consideration to materiality. To meet the reporting requirements, separate accounts are maintained on a decentralized basis for each of the airports funded by the Revolving Fund, under the functional authority of the Director General, Finance, and are submitted to Ottawa Headquarters for review and consolidation.

The airports in the Fund are subject to departmental systems of financial management and internal control and such additional policies, practices and procedures as are necessary to facilitate financial reporting for the Revolving Fund, in accordance with the requirements of the Treasury Board and Receiver General for Canada. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are recorded to maintain accountability of Government funds and to safeguard the assets of the Revolving Fund.

The Revolving Fund was wound up as at March 31, 1991 in accordance with authority provided in 1990-91 Supplementary Estimates, Vote 2c. The net assets and responsibility for the continuation of services of this Fund have been transferred to the Airports activity of the Transport Program.

Airports Revolving Fund—Continued**NOTES TO THE FINANCIAL STATEMENTS
MARCH 31, 1991****1. Authority and purpose**

The Airports Revolving Fund (formerly known as the Self-Supporting Airports and Associated Ground Services Revolving Funds), in accordance with the Revolving Funds Act, is authorized to make operating and capital expenditures out of the Consolidated Revenue Fund for the purpose of operating, maintaining and developing such airports as the Treasury Board may approve. The Fund is also authorized to spend any revenue received from the operation of such airports for this purpose as well as any monies appropriated therefore by Parliament from time to time.

This Fund was originally established in 1969. It has a statutory drawing authority of \$80 million on the Consolidated Revenue Fund and it operates under terms and conditions approved by the Treasury Board.

Over the years the number of airports in the Fund has varied. At March 31, 1991 there were eight: Halifax, Montreal (Dorval and Mirabel), Ottawa, Pearson, Winnipeg, Calgary, Edmonton and Vancouver.

The Fund ceased operations as at March 31, 1991. 1990-91 Supplementary Estimates C, Vote 2c provided authority to repeal Section 10 of the Revolving Funds Act as of March 31, 1991, thereby eliminating the legal basis for the existence of the Airports Revolving Fund. Therefore, the statutory unused authority is cancelled. See Note 15 for additional information.

2. Summary of significant accounting policies

The financial statements have been prepared in accordance with accounting principles generally accepted in Canada.

(a) Valuation of inventory of materials and supplies

Inventory of materials and supplies, held for repair and maintenance purposes at the airports, is valued at the lower of cost and replacement value.

(b) Deferred charges

Payments made by the Fund which give rise to future benefits are recorded as deferred charges and are amortized over the years to which the benefits relate.

(c) Fixed assets

Fixed assets purchased by the Fund are recorded at cost. Fixed assets transferred to the Fund prior to April 1, 1979 were recorded at appraised values established by the Department of Transport in accordance with Treasury Board Circular 1980-7. Fixed assets transferred to the Fund as at April 1, 1979 were recorded at their amortized value at that date. All subsequent transfers of fixed assets from and to Canada are recorded at net book value at the date of transfer.

Project administration costs, including interest incurred during the construction of new airports, are capitalized and included in airport development costs to the extent that these costs are not readily identifiable with specific fixed assets. Additions, renewals and betterments which extend the economic lives of the assets are capitalized. Maintenance and repairs are charged to operations.

(d) Amortization of fixed assets

Amortization is charged on a straight-line method based on the estimated useful life of the asset.

The amortization rates used within the major classes of assets are as follows:

Terminal and facilities	2.5% to 10.0%
Runways and other paved surfaces	2.5% to 6.7%
Machinery and equipment	4.0% to 20.0%
Airport development costs	4.2%

(e) Deferred revenue

Funds received in advance are recorded as deferred revenue and recognized as revenue over the term of the lease.

(f) Terminal control costs

Terminal control costs are for those air navigational services associated with the approach, landing and take-off of aircraft at an airport and the control of en route flights while traversing a terminal control area. The costing of terminal control is an estimate of direct and indirect costs including amortization for air traffic services, flight service stations, technical support services, flight calibration, and meteorological services.

(g) Interest associated with capital contributed to the Fund

Interest is allocated on the capital contributed to the Fund. The interest rate (10.52% in 1990-91, 10.40% in 1989-90) is based on Crown corporation borrowing rates weighted against the net book value of capital acquisitions for the last 20 years. An average of the contributed capital balance less surplus in the accumulated net charge against the Fund's authority balance at the beginning and the end of the year is used to calculate the allocated interest.

(h) Employee benefits

Department of Transport employees operating the airports of the Fund are covered by the Public Service Superannuation Act and the Supplementary Retirement Benefits Act. The Government of Canada's portion of their pension cost is included in the employee benefit charge assessed against the Fund. The actual payment of the pension is made from the Public Service Superannuation Retirement Benefits Account.

Termination benefits accrue to Department of Transport employees operating airports of the Fund. Payment of these benefits is made to employees on separation or retirement. The cost of these benefits is expensed in the year in which they are earned.

(i) Departmental overhead

Departmental overhead reflects the charges by the Department of Transport for the estimated costs of technical and administrative services provided to the Fund. Since these expenditures are not readily identifiable with specific services, the charges are allocated to the Fund as a percentage of direct operating and maintenance expenses.

Airports Revolving Fund—Continued

NOTES TO THE FINANCIAL STATEMENTS
MARCH 31, 1991—Continued

(j) Grants in lieu of taxes

Grants in lieu of taxes, imposed on airports of the Fund, are accrued based on estimated municipal assessments adjusted in accordance with the Municipal Grants Act. Grants are paid by the Department of Public Works and recovered from the Fund.

The grants are not finalized until they have been audited by the Department of Public Works, often several years in arrears. Any adjustments upon finalization are reflected in the accounts in the year of settlement.

(k) Services provided to and received from Government departments without charge

The estimated costs for services provided to and received from Government departments without charge are included in their respective revenue and expense categories and are offset by a corresponding amount which is included under allocations.

(l) Air transportation tax

Air transportation tax is levied under the Excise Tax Act, Part II. The tax is collected by the Department of National Revenue—Customs and Excise which transfers funds equivalent to the tax collections to the Department of Transport.

Sufficient tax proceeds are allocated to the Fund in the Main Estimates to cover the estimated shortfall between site-generated revenue and operating costs, amortization and interest. The air transportation tax allocation is subsequently revised to offset non-cash adjustments to terminal control costs and departmental overhead, as well as services without charge.

The air transportation tax allocation is included under allocations.

3. Changes in financial statement presentation

Certain 1990 comparative amounts have been reclassified to conform to the presentation adopted in 1991.

4. Long-term receivables

The long-term receivables include \$4.2 million from the country's two major airlines as the portion of unpaid fuel concession fees negotiated as a settlement. Payments due total \$579,445 annually from 1991-92 to 1998-99 inclusive and \$199,750 in 1999-2000 and are non-interest bearing.

The remaining \$1.6 million is due from other airlines. Payments due total \$798,888 annually from 1991-92 to 1993-94 inclusive and are non-interest bearing.

5. Changes in treatment of fixed assets

Effective April 1, 1990, the Department raised the capitalization threshold for fixed assets from \$500 to \$5,000. This change in accounting policy resulted in a retroactive adjustment which reduced the 1991 net book value of fixed assets by \$1,026,649.

The 1990 figures were restated on a comparable basis, which resulted in reductions of \$3,393,154 to the net book value of fixed assets and of \$338,300 to amortization expense.

Changes were also made to the amortization rates of some categories of fixed assets. These changes in accounting estimates are accounted for only in 1991 and applicable future periods, ie, no retroactive adjustment was made.

Airports Revolving Fund—Continued**NOTES TO THE FINANCIAL STATEMENTS**
MARCH 31, 1991—Continued**7. Development Agreement—Terminal 3, Lester B. Pearson International Airport**

In 1987, the Department of Transport entered into a development agreement under which a developer would construct and operate a third terminal building at Lester B. Pearson International Airport in Toronto. A ground lease and related agreements were executed in 1988. The ground lease is for a term of 40 years and the Developer has the option of renewing the lease for a further term of 20 years. Title to the terminal building passes to the Department of Transport, at no cost, automatically at the end of the 20 year renewal term, or at the end of the 40 year lease term if the Developer does not exercise his option to renew.

The Developer paid \$2 million on entering into the lease agreement in April 1988 and a further \$28 million on September 24, 1990. These payments will be recognized as revenue over the 40 year lease term which commenced on March 31, 1991.

The Department of Transport has agreed to provide, under certain specified conditions, loans to the Developer during the first 15 years of the lease. The principal and accumulated interest on these loans may not exceed \$70 million and in any one year no more than \$8 million may be loaned. As at March 31, 1991, no such loans had been made.

8. Equity of Canada**(a) Accumulated net charge against the Fund's authority**

The accumulated net charge against the Fund's authority represents the net accumulation of all cash transactions made through the Consolidated Revenue Fund, the central account through which all Government receipts and disbursements flow. By virtue of the Fund's mandate, it receives credit for all revenues collected and is empowered to draw funds under statutory authority from the Consolidated Revenue Fund for shortfalls up to the maximum of the authorized limit of \$80 million.

A drawdown on the Fund's authority occurs when accumulated cash disbursements exceed accumulated cash receipts (credit balance) and bears interest at a rate determined by the Minister of Finance. An accumulated excess of cash receipts over cash disbursements (debit balance) represents an addition to the drawing authority of the Fund.

(b) Contributed capital

Contributed capital primarily includes the amounts representing the values assigned to assets transferred from and to Canada and interest associated with capital contributed to the Fund.

(c) Accumulated surplus

The accumulated surplus account represents the net accumulation of surpluses and deficits since the establishment of the Fund.

9. Royal Canadian Mounted Police security services

The RCMP provides security services without charge to the Fund. An enhanced level of service in relation to national security is now being provided in addition to the basic security services previously provided. An estimated amount of \$29.3 million (1990—\$21.4 million) relating to the basic security service is included as part of the operating expenses of the Fund with a corresponding offset included under allocations.

10. Net other services provided to and received from Government departments without charge

The other services provided to and received from the Department of Transport and other Government departments without charge are recorded and included under their corresponding revenue and expense categories. These services are summarized as follows:

	1990-91	1989-90
	(in thousands of dollars)	
Services received—		
Crash, fire and rescue—Department of National Defence	1,548	1,474
Provincial sales tax—Supply and Services Canada	2,203	2,886

Other	(956)	(836)
	<u>(7,388)</u>	<u>(4,109)</u>
	<u>1,105</u>	<u>4,857</u>

11. Allocations

Certain amounts are allocated to the Fund to offset expenses as follows:

	1990-91	1989-90
	(in thousands of dollars)	
Air transportation tax paid to the Fund as provided for in the Main Estimates ...	53,326	65,501
Increased allocation to offset non-cash adjustments to terminal control costs and departmental overhead	19,439	16,261
Total air transportation tax allocation	<u>72,765</u>	<u>81,762</u>

Net other services provided to and received from Government departments without charge	1,105	4,857
Total allocations	<u>103,217</u>	<u>108,040</u>

12. Contractual obligations

As at March 31, 1991, the Fund was committed to expenditures totalling approximately \$57 million (1990—\$76 million) under fixed asset construction and maintenance contracts.

13. Airport transfers

In 1989, Cabinet approved a policy to transfer airports to local management. Later that year, the Department of Transport signed letters of intent with regional airport authorities to begin negotiating the transfer of Edmonton, Vancouver, and Calgary International Airports and the Montreal International Airports at Dorval and Mirabel.

Airports Revolving Fund—ConcludedNOTES TO THE FINANCIAL STATEMENTS
MARCH 31, 1991—Concluded

No transfers have occurred to date but negotiations are continuing and it is expected that long-term leases to transfer the above airports will be concluded in fiscal year 1991-92.

14. Contingent liabilities

The Department of Transport is a defendant in certain pending and threatened litigations related to the operations of the Fund. The aggregate amount of claims in respect thereof as at March 31, 1991 is approximately \$88 million. Settlement, if any, resulting from the resolution of these claims will be accounted for in the year in which the settlement occurs.

On May 16, 1989, virtually all major airlines using Canadian airports filed a suit in the Federal Court of Canada naming Her Majesty the Queen in Right of Canada, the Minister of Transport and the Department of Transport as defendants. The airlines' claim of \$66 million was for fuel concession fees covering the period 1983 to 1988. The major part of this claim relates to the airports which are included in the Fund. However, an undetermined part of this claim relates to other airports operated by the Federal Government.

In December 1989, the Department of Transport obtained agreement with the country's two major airlines by which the airlines agreed:

- (a) to discontinue court action (their portion represented approximately 80% of the total claim);

- (b) to pay fuel concession fees from December 1, 1989 until March 31, 1991 or the introduction of the new cost recovery policy, whichever is sooner; and

- (c) to remit a portion of the unpaid fuel concession fees as negotiated.

The Department of Transport agreed to discontinue charging the fee after March 31, 1991. The Department of Justice and Transport are working to fully resolve the fuel concession fee litigation and contractual issues in relation to the other airports.

15. Termination of the Airports Revolving Fund

In TB minute no. 815267, the Treasury Board approved:

- (a) the inclusion of an item in 1990-91 final Supplementary Estimates to discontinue the Revolving Fund effective March 31, 1991,
- (b) the winding up of the Fund, and
- (c) the transfer of the net assets and responsibility for the continuation of services to the Airports Activity of the Transport Program.

Supplementary Estimates C, Vote 2c provided authority to repeal Section 10 of the Revolving Funds Act, as of March 31, 1991, thereby eliminating the legal basis for the existence of the Airports Revolving Fund.

The schedule attached provides the balances in the accounts of the Airports Revolving Fund prior to the transfer of the total net assets to the Airports Activity of the Transport Program as of March 31, 1991.

Defence Production Revolving Fund

MANAGEMENT REPORT

The accompanying financial statements of the Defence Production Revolving Fund have been prepared by Supply and Services Canada in accordance with Treasury Board policies, the Defence Production Act, and reporting requirements and standards of the Receiver General for Canada.

The statements have been prepared on a basis consistent with that of the preceding year and are consistent with information presented elsewhere in the Public Accounts and with departmental reports. Significant accounting policies used in the preparation of the financial statements are included in the notes to financial statements. Some of the information included in these financial statements is based on management's best estimates and judgements and gives due consideration to materiality.

The primary responsibility for the integrity and objectivity of these statements rests with the Finance and Administration Sector. This responsibility is discharged by the Financial Policy, Accounting and Reporting Systems Directorate which develops and disseminates financial management and accounting policies and issues specific directives necessary to maintain standards of accounting and financial management. Furthermore, the Department maintains internal controls designed to indicate accountability, provide assurance that assets are safeguarded and that reliable financial records are kept. Financial management and internal control systems are augmented by the maintenance of internal audit programs.

Defence Production Revolving Fund—Concluded

NOTES TO THE FINANCIAL STATEMENTS

MARCH 31, 1991

1. Purpose and authority

The Defence Production Revolving Fund has been established by Section 15 of the Defence Production Act. It was established in 1951 for the purpose of:

- (a) financing the stockpiling of defence supplies or strategic materials;
- (b) making loans or advances to aid in defence procurement such as working capital loans as advance payments on contracts but not including loans or advance payments for capital purposes; and
- (c) permitting initial payments for defence supplies which can be promptly billed to a Government department, agency or an associated government in advance of delivery of goods.

The Adjustment of Accounts Act (S.C. 1980, c. 17) had the effect of creating a separate Defence Production Loan Account for loans or advances authorized under the Defence Production Act, item (b) above.

The Fund and the Defence Production Loan Account have a continuing non-lapsing authority from the Adjustment of Accounts Act to make payments out of the Consolidated Revenue Fund, the total of which is not to exceed at any time by more than \$100 million the aggregate of amounts received on these two accounts. An amount of \$15,408,997, representing net assets assumed by the Fund, was charged to this authority when the Fund became budgetary in 1981. Pursuant to Treasury Board authority, the accumulated surplus in the amount of \$455,935 has been transferred to the Fund's authority during 1984-85.

2. Significant accounting policies

- (a) Payments to suppliers for defence supplies are billed to departments and Crown corporations at cost.

- (b) Progress payments to suppliers

Progress payments and accrued liabilities to suppliers for defence supplies requisitioned by Government departments and agencies and/or for stockpiled inventories, which are in progress and located on the supplier's premises, are recorded as progress payments to suppliers. Under the terms of the contracts, the suppliers are liable to the Fund until delivery takes place.

- (c) Progress billings to customers

Billings to customers for defence supplies requisitioned which have not yet been delivered to customers are recorded in the accounts as progress billings to customers.

Note: For the year ended March 31, 1990 and 1991, there were no transactions that applied to (a), (b) and (c).

Government Telecommunications Agency Revolving Fund

MANAGEMENT REPORT

The accompanying financial statements of the Government Telecommunications Agency (GTA) Revolving Fund have been prepared as required by and in accordance with the policy and procedures of the Treasury Board for revolving funds and the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Fund.

These financial statements were prepared in accordance with the significant accounting policies, as set out in Note 2, on a basis consistent with that of the preceding year. Some previous year's figures have been reclassified to conform to the current year's presentation. Some of the information included in these financial statements is based on management's best estimates and judgements and gives due consideration to materiality. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with that in these financial statements, unless indicated otherwise.

The Director General, Financial Management develops and disseminates financial management and accounting policies and issues specific directives which maintain standards of accounting and financial management. These are supplemented by additional systems and procedures developed and implemented by the Fund's Finance and Administration Division. The Fund maintains systems of financial management and internal control to encourage the use of prudence, probity and value-for-money in the spending of public funds. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities and are properly recorded to maintain accountability of Government funds and safeguard the Fund's assets. Financial management and internal control systems are augmented by the activities of internal audit and by frequent contacts with departmental financial and internal audit officers.

The Fund also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified accounting staff, by organizational arrangements that provide appropriate divisions of responsibility and by a high standard of internal communications aimed at ensuring that its regulations, policies, procedures and managerial authorities are understood throughout the Agency.

The Agency maintains and operates a computerized financial information system, that was designed to meet the unique requirements of accounting for revolving fund transactions, and the need to provide timely and accurate financial information required by the Department of Supply and Services in its discharge of Receiver General responsibilities relating to the Accounts of Canada.

Government Telecommunications Agency Revolving Fund—Concluded

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED MARCH 31, 1991

1. Purpose and authority

The Government Telecommunications Agency Revolving Fund was originally established in 1963 to plan and provide telecommunications facilities and services at the request of federal departments and agencies. Section 23 of the Adjustment of Accounts Act which was repealed and replaced by Section 4 of the Revolving Funds Act, authorized the Minister to make payments out of the Consolidated Revenue Fund for working capital, capital equipment and temporary financing of operating requirements, the total of which was not to exceed \$8,000,000 at any time. This authority was increased to \$12,000,000 by Appropriation Act No. 4, 1981-82, to \$15,000,000 by Appropriation Act No. 4, 1983-84, to \$19,000,000 by Appropriation Act No. 4, 1984-85 and to \$30,000,000 by Appropriation Act No. 3, 1989-90. In accordance with Vote 2c, Appropriation Act No. 4, 1982-83, an amount of \$1,485,822 of the accumulated deficit caused by the payment to Bell Canada for a terminated contract has been written off to the authority. An amount of \$741,781 representing net assets assumed by the Fund and assets contributed to the Fund was charged against this authority when the Fund became budgetary.

2. Significant accounting policies

(a) Prepaid expenses

Some payments are made to suppliers for activity in the next fiscal year and are recorded as prepaid expenses on the balance sheet.

(b) Fixed assets

Fixed assets are carried at cost. In most cases, depreciation is calculated using the diminishing balance method at the following rates: automobiles (30%), office equipment (20%), furniture and fixtures (10%). Telecommunications equipment constitutes a special category of assets, depreciated on a straight-line basis, over the first five to seven years of utilization of the equipment.

(c) Deferred charges

Deferred charges are linked to acquisitions of telecommunications equipment by GTA and are amortized on a straight-line basis on the same life expectancy as the asset they relate to. In 1990-91, the amortization relating to deferred charges amounted to \$2,833.

(d) Deferred revenue—Service contracts

Advance payments from client departments and agencies for future telecommunications services are recorded as deferred revenue and are included in revenue on an equal basis over a five to seven year period. In 1990-91, \$110,358 was recognized as revenue.

(e) Accrued revenue—Long-term

Monthly payment plans are offered to departments and agencies to cover implementation costs of telecommunications services. At the end of 1990-91, the amount outstanding is equal to \$9,209. The short-term portion of the accrued revenue (due in 1990-91) represents \$7,820 and is included in the accounts receivable—Government of Canada in the balance sheet.

(f) Employee termination benefits

Termination benefits accrue to employees over their year of service with the Government of Canada as provided for under collective agreements. The cost of these benefits is recorded in the accounts as the benefits accrue to the employees.

3. Changes in financial statements presentation

The allocation of expenditures between Operations, Management and Administration, and Planning and Coordination has been revised to more closely reflect the nature and accountability of the Special Operating Agency.

These financial statements include the following categories: Operations (unchanged), Management services (formerly Management and Administration and Planning and Coordination) and Telecommunications Architecture.

The 1990 comparative figures have been restated to reflect the 1991 presentation.

National Film Board

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the National Film Board Revolving Fund as required by and in accordance with the policy of the Treasury Board on revolving funds and the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Fund. In order to assure maximum objectivity and freedom from bias, the financial data contained in these financial statements have been examined by the Audit Committee and presented to the Board of Trustees.

These financial statements were prepared in accordance with the stated accounting policies as set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in these financial statements is based on management's best estimates and judgement and gives due consideration to materiality. To fulfill this reporting responsibility, the Fund maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with that in these financial statements, unless indicated otherwise.

The Director of Administration and Financial Services develops and disseminates financial management and accounting policies and issues specific directives which maintain standards of accounting and financial management. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities and are properly recorded to maintain accountability of Government funds and

safeguard the Fund's assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs where contacts are maintained between our internal auditor and staff of the Auditor General's Office. The Fund also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

These financial statements have been examined by the Auditor General, his role being to express an informed judgement as to whether the financial statements present fairly the financial position of the Board as at March 31, 1991 and the results of its operations and the changes in its financial position for the year then ended in conformity with generally accepted accounting principles.

AUDITOR'S REPORT

TO THE MINISTER OF COMMUNICATIONS

I have audited the balance sheet of the National Film Board as at March 31, 1991 and the statements of operations, accumulated deficit and accumulated net charge against the Revolving Fund's authority for the year then ended. These financial statements are the responsibility of the Board's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, these financial statements present fairly, in all material respects, the financial position of the Board as at March 31, 1991 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles.

**NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1991****1. Authority and purposes**

The National Film Board was established in 1950 under the National Film Act to initiate and promote the production and distribution of films in the national interest and in particular to:

produce and distribute, and to promote the production and distribution of films designed to interpret Canada to Canadians and to other nations;

represent the Government of Canada in its relations with persons engaged in commercial motion picture film activity in connection with motion picture films for the Government or any department thereof;

engage in research in film activity and to make available the results thereof to persons engaged in the production of films;

National Film Board—Continued

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1991—Continued

advise the Governor in Council in connection with film activities; and

discharge such other duties relating to film activity as the Governor in Council may direct it to undertake.

The Board, through the operation of a revolving fund having a permanent continuing authority from Parliament, can make payments out of the Consolidated Revenue Fund for working capital and the interim financing of operating costs and the acquisition of capital assets and can record the increase in the net book value of capital assets against this authority, which provides that the aggregate of admissible working capital and net book value of capital assets is not to exceed \$20 million at any one time. A parliamentary authority, to replenish the revolving fund for net acquisitions of capital assets and the admissible cost of operations, is voted annually and recorded in the year to which it applies. Any unused balance lapses.

2. Significant accounting policies

Production of films and other forms of visual presentation

All production costs are charged to operations in the year in which they are incurred and shown in the statement of operations as follows:

Board's program

All costs incurred for unsponsored productions, the Board's share in coproductions and the excess of costs over the sponsor's contribution for partially-sponsored productions.

Sponsored production

All costs incurred for fully-sponsored productions and the sponsored costs of partially-sponsored productions.

Revenues from production of films and other forms of visual presentation are accounted for at an amount equal to the sponsored production costs during the year in which these costs are incurred. Any profit is recognized in the year the production is completed.

Film prints

The cost of prints made for sale purposes is recorded as inventories. The cost of other prints is expensed on a current basis.

Inventories

Productions in progress are carried at the cumulative amount of costs incurred for each production exceeding advances invoiced, up to the amount of the sponsored unbilled balance. On the other hand, any cumulative excess of advances invoiced over costs incurred is recorded as advances on productions.

Materials and supplies are carried at the average cost.

Film prints and other forms of visual presentation held for sale are carried at the lower of the average direct cost of production and net realizable value.

Capital assets

Capital assets are carried at cost. Amortization is calculated on the straight-line method over the estimated useful lives of the assets, as follows:

Technical equipment	5 to 20 years
Data processing equipment	3 to 10 years
Office furniture	10 to 20 years
Office equipment	10 to 15 years
Rolling stock	5 to 10 years

Leasehold improvements are charged to operations as incurred.

The Board enters into operating lease agreements to acquire the exclusive use of certain capital assets. These rental fees are charged to operations in the year to which they apply. The Board also enters into capital lease agreements by which substantially all the benefits and risks incident to ownership of the assets are transferred to the Board. The Board then records an asset and an obligation corresponding to the fair value of the acquisition price of the asset (excluding any interest expenditure). The assets recorded from a capital lease agreement are amortized on the same basis as other assets owned by the Board and the obligations are amortized over the lease term.

Employee termination benefits

On termination of employment, employees of the Board are entitled to certain benefits provided for under their collective agreements and their conditions of employment. The cost of these benefits is expensed in the year in which they are earned.

Pension plan

All employees participate in the superannuation plan administered by the Government of Canada. The employees and the Board contribute equally to the cost of the plan. This contribution represents the total liability of the Board. Contributions in respect of current service and admissible past service are expensed during the year in which payments are made. The terms of payment for past service are set by the applicable purchase conditions in effect, generally over the number of years of service remaining prior to retirement.

3. Advances to coproducers

The Board advanced amounts to coproducers to temporarily finance a portion of their production costs and in order to avoid delaying production schedules. These advances are reimbursable according to the degree of advancement of productions. Concurrently, the coproducers have assigned to the Board amounts owed or amounts that could be owed by Telefilm Canada.

6. Obligation under capital leases

The Board entered into agreements to rent data processing equipment and office equipment under capital leases. The assets were capitalized at \$2,119,892 using implicit interest rates varying from 7% to 15%. The related obligations are liquidated over the 3-year and 5-year lease terms and are segregated between current and long-term portions on the balance sheet. Minimum lease payments for the year ended March 31, 1991 totalled \$483,329, including interest of \$128,321, charged to operations.

Obligations under capital leases includes the following:

Passport Office Revolving Fund

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Passport Office Revolving Fund as required by and in accordance with the policy of the Treasury Board on revolving funds and the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Fund.

These financial statements have been prepared in accordance with the significant accounting policies, set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in these financial statements is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill this reporting responsibility, the Fund maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with that in these financial statements, unless indicated otherwise.

The Fund's division for financial administration complies with departmental financial management and accounting policies, develops those specific to the Fund's requirements and issues manuals and directives which maintain these policies and which describe procedures. The Fund maintains systems of financial management and internal accounting controls which provide management with reasonable assurance that transactions are recorded and executed in accordance with its authorizations and that its assets are safeguarded. These systems are augmented by the departmental internal audit program.

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1991

1. Authority and purpose

The Passport Office Revolving Fund was established in 1969 to provide for the issue of appropriate travel documents to Canadian citizens and to certain permanent residents of Canada who are unable to obtain valid passports from their country of origin. The Revolving Funds Act authorized the operation of the Fund.

The Fund has a continuing non-lapsing authority from Parliament to make payments out of the Consolidated Revenue Fund for working capital, capital acquisitions and temporary financing of accumulated operating deficits, the total of which is not to exceed \$4,000,000 at any time. An amount of \$745,893 representing net assets assumed by the Fund and assets contributed to the Fund was charged to this authority when the Fund became budgetary in 1981.

2. Significant accounting policies

(a) Inventories

The inventory of materials and supplies is carried at cost and the inventory of passports-in-process is valued at average cost for the year.

Passport Office Revolving Fund—Concluded**NOTES TO FINANCIAL STATEMENTS**
MARCH 31, 1991—Concluded**(b) Fixed assets**

Leasehold improvements are amortized on the straight-line basis over the term of the appropriate lease. Other fixed assets are depreciated from the year of acquisition on the straight-line basis over their estimated useful lives as follows:

Furniture	16 years
Electronic data processing (EDP) equipment	5 years
Other equipment	10 years

(c) Employee termination benefits

Termination benefits accrue to employees over their years of service with the Government of Canada, as provided for under collective agreements. The cost of these benefits is recorded in the accounts as the benefits accrue to the employees.

(d) Revenue from passport fees is prepaid on application and accounted for on an accrual basis. Deferred revenue represents the fees received for which the services have not yet been provided.**3. Inventories**

Public Works Revolving Fund

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Public Works Revolving Fund as required by and in accordance with the policy of the Treasury Board on revolving funds and the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Fund. Furthermore, certain transactions of the Revolving Fund have been examined by the Auditor General as part of his annual audit of the Public Accounts.

These financial statements were prepared in accordance with the significant accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Some previous year's figures have been reclassified to conform to the current year's presentation. Some of the information included in these financial statements is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill this reporting responsibility, the Fund maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with that in these financial statements, unless indicated otherwise.

The Department's Corporate Management Branch develops and disseminates financial management and accounting policies and issues specific directives which maintain standards of accounting and financial management. The Branch maintains systems of financial management and internal control at appropriate cost. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities and are properly recorded to maintain accountability of Government funds and safeguard the Fund's assets. Financial management and internal control systems are augmented by the maintenance of internal audit

programs. Management also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

The accounting systems and financial statements have evolved over the years to meet changing conditions.

NOTES TO FINANCIAL STATEMENTS
AS AT MARCH 31, 1991

1. Authority and purpose

The Public Works Revolving Fund was established by the Adjustment of Accounts Act (Bill C-22 dated July 22, 1980), which was repealed in 1985 and replaced by Section 5 of the Revolving Funds Act, to allow the Minister of Public Works Canada to make expenditures for undertakings by the Department on behalf of other Government departments and agencies, other Governments, and private sector tenants of federally owned or leased property. The Fund has a continuing non-lapsing authority from Parliament to make payments out of the Consolidated Revenue Fund for the operating expenses, the necessary working capital, and capital expenditures; the total of which is not to exceed \$450,000,000 at any time.

In accordance with the former Section 33 of the Adjustment of Accounts Act, and through the 1983-84 Supplementary Estimates B, the authority of the Fund was amended to include charges on behalf of other PWC's departmental programs and to increase the financial authority from \$55 million to \$150 million. In the 1984-85 final Supplementary Estimates the authority was increased from \$150 million to \$300 million. Through the 1987-88 Supplementary Estimates E, the authority was further increased from \$300 million to \$450 million.

The Services Program operated as a revolving fund on a direct cost recovery basis from April 1, 1985 to March 31, 1988, supplemented by a payment vote to cover non-recoverable operating expenses from clients, as well as a vote to cover capital acquisitions of the program. Since April 1, 1988, under revised terms and conditions of approved TB Minute 805839 dated June 25, 1987, the objective of the Public Works Revolving Fund is to operate as a financially self-supporting entity charging market-based service fees in accordance with the Treasury Board approved rate structure for the services provided to clients. Due to the uncertainty of the revenue projections, the Department found it necessary to seek funding, in 1989-90 and 1990-91, in the amounts of \$46,518,751 and \$53,217,391 respectively, to partially cover its operating losses.

2. Significant accounting policies

The Public Works Revolving Fund is charged with all expenditures of the Services Program (with the exception of the Statutory Vote: Minister of Public Works—Salary and motor car allowance), and is credited with the recoveries from all clients for the services rendered. The revenues generated include fees based on market practices, plus recoveries of salaries and other disbursements, where appropriate.

Public Works Revolving Fund—ContinuedNOTES TO FINANCIAL STATEMENTS
AS AT MARCH 31, 1991—Continued

The financial statements have been prepared using the following accounting policies:

Revenue recognition

Revenue is recognized in the accounting period in which it is earned through the provision of goods or services, or when an event giving rise to a claim has taken place.

Expense recognition and recording

All expenses, including termination benefits and vacation pay, are recorded in the fiscal year in which they are incurred.

Accounts receivable

Accounts receivable are recorded when invoices are issued as a result of the provision of goods or services and are reported at the billed amounts. It is the Fund's policy to provide for doubtful accounts.

Consumable stores inventory

This account includes only the consumable materiel that is bought and held in PWC stores on behalf of operational managers responsible for property management services and other services as agreed to by Materiel Management. The inventory is comprised of stock items which are categorized accordingly under hardware, electrical, lumber, and plumbing supplies. Inventories of consumable materiel are valued at cost on a first-in, first-out basis.

Work-in-process

Work-in-process includes the value of actual labour hours at standard rates multiplied by a billing factor, fees and disbursements incurred for services performed or goods delivered on client projects or on behalf of other PWC's departmental programs, less any amounts already billed.

Fixed assets

Certain fixed assets previously under the custodianship of the Department of Public Works were assumed by the Fund as of April 1, 1988 and recorded at cost along with the associated accumulated depreciation. As a result, these assets are reflected in the accounting records at net book value. Fixed assets purchased by the Fund since April 1, 1988 are recorded at cost.

Floating marine and related shore-based assets costing less than \$15,000 are treated as expenses in the year of acquisition.

Fixed assets (other than those relating to floating marine and related shore-based facilities) costing less than \$1,000 are expensed in the year of acquisition.

An expenditure which extends the economic life of an asset or increases its capacity will be capitalized.

Proceeds from disposal of fixed assets are retained by the Fund, with any loss or gain on disposal disclosed separately in the financial statements.

Depreciation of fixed assets

Fixed assets are depreciated on a straight-line basis, to their salvage value over their estimated useful economic life, from the month the asset becomes operational on the following basis:

Floating marine and related shore-based facilities	Estimated useful economic life
Dredges and fixed shore-based facilities	35 years
Scows, tugs and large survey vessels	30 years
All other dredging assets	15 years
Other capital assets	
Vehicles and construction equipment	3 years
Tools, machinery, building and office equipment, including EDP equipment, furniture and fixtures	5 years

Pension plan

Employees of the Department whose salaries and other benefits are paid by the Fund are covered by the Public Service Superannuation Act and the Supplementary Retirement Benefits Act. The Government's portion of the pension cost is included in the employee benefits assessed against the Fund. The liability for the payment of the pensions is against the Public Service Superannuation and Supplementary Retirement Benefit Accounts.

Accrued salaries and benefits

This accrued liability represents the amount of unused annual leave based on average salary rates in effect as at the end of the year.

Employee termination benefits

Termination benefits accrue to employees over their years of service with the Government of Canada, as provided for in collective agreements, and the cost of these benefits are recorded in the accounts as they are earned by the employees. The amount of the liability has been established, and is revised annually, using rates determined on an actuarial basis, provided by the Treasury Board.

3. Changes in financial statements presentation

The 1989-90 income statement presented the revenue and expenses by type for two of the three departmental activities. A supporting statement provided the expenses by type, for the Corporate and Administrative Services activity in the amount of \$115,556,467. \$18,100,000 of these expenditures were allocated to other programs and therefore deducted from this total. The net amount of \$97,456,467, was reported on the income statement. Also appearing below the Contribution margin was an adjustment to revenue and expenses in the amount of \$2,294,954.

For 1990-91, the income statement presents the departmental total with the activities presented separately by type of revenue and expenses on an appendix. The amount for adjustment to revenue and expenditures is now reported under "All other expenditures".

Public Works Revolving Fund—Concluded**NOTES TO FINANCIAL STATEMENTS
AS AT MARCH 31, 1991—Concluded****4. Assumed assets and liabilities**

To assist the Fund in operating as a financially self-supporting entity, certain fixed assets originally funded from departmental appropriations and liabilities for employee unused annual leave and termination benefits were assumed by the Public Works Revolving Fund. As of April 1, 1988 an amount of \$16,547,815, representing net liabilities assumed by the Fund, was charged to the Fund's accumulated net charge against the Fund's authority. Current and fixed assets were assumed at their estimated net realizable value and estimated net book value respectively, and long-term liabilities were assumed at their adjusted actuarial values.

6. Write-off of prior years' deficits

Treasury Board's approval was received February 8, 1990 (TB 810454) to write-off an amount of up to \$31,260,334 from the accounts of the Public Works Revolving Fund relating to uncollectible debts from other departments, agencies and Crown corporations, as well as the accumulated deficit, which arose prior to 1988-89.

In addition to the above, on February 8, 1990, Treasury Board's approval was received (TB 813101) to write off an amount of \$63,400,000 from the Public Works Revolving Fund related to the 1988-89 operating deficit.

Parliamentary approval was also received in the Supplementary Estimates C, 1989-90 to adjust the accounts of the Public Works Revolving Fund by the amounts referred to above.

7. Other expenses

Retroactive pay, totalling \$12,309,174, and reversal of unbillable/unrecoverable accounts receivable from other Government departments, totalling \$5,780,632, were not included in "Expenses" as they apply to previous years.

Race Track Supervision Revolving Fund

MANAGEMENT REPORT

The accompanying financial statements of the Race Track Supervision Revolving Fund have been prepared as required by and in accordance with the policy of the Treasury Board on revolving funds and the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of the data in these statements rests with the management of the Fund.

These financial statements were prepared in accordance with significant accounting policies on a basis consistent with that of the preceding year, as set out in Note 2. Some of the information included in these financial statements is based on management's best estimates and judgements and gives due consideration to materiality. Information presented herewith is consistent with that presented elsewhere in the Public Accounts and in ministerial reports. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities and are properly recorded to maintain accountability of Government funds and safeguard the Fund's assets. The Fund maintains a set of accounts which provides a centralized record of the Fund's financial transactions.

The Department's Corporate Management Branch develops and disseminates financial management and accounting policies and issues specific directives to the staff managing the Revolving Fund in order to maintain standards of accounting and financial management.

Financial management and internal control of the Fund are maintained through the appropriate division of responsibility, the provision of leadership and evaluation of those operating the Fund as well as internal audit programs. The Fund also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1991

1. Authority and purpose

The Race Track Supervision Revolving Fund was established under Appropriation Act No. 1, 1970, which authorized the operation of the Fund in the current and subsequent fiscal years in accordance with terms and conditions prescribed by Treasury Board for the purpose of providing race track supervision in Canada. The Appropriation Act No. 1 was repealed and replaced by Section 2 of the Revolving Funds Act in 1985.

The Fund has a continuing non-lapsing authority from Parliament to make payments out of the Consolidated Revenue Fund for working capital, capital acquisitions and temporary financing of accumulated operating deficits, the total of which is not to exceed \$2,000,000 at any time.

Charges to the Fund are to include administration expenses of race track supervision and costs of research relating to the use of drugs on horses and race surveillance techniques including the publication, distribution and sale of the results of such research. All revenues from activities approved by Treasury Board are to be credited to the Fund.

The use of the Fund's authority is monitored through the accumulated net charge against the Fund's authority account. Its balance, shown on the Balance Sheet under Equity of Canada, represents the financial position of the revolving fund. It is composed of the cumulative net cash transactions through the Consolidated Revenue Fund, the original net assets transferred to the Fund at inception and any subsequent write-offs of deficit or surplus. The change in this account during the year represents the net financial resources used or provided by the Fund.

2. Significant accounting policies

(a) Fixed assets

Fixed assets, acquired from parliamentary appropriations prior to April 1, 1970 are recorded in the Fund in accordance with Treasury Board Circular 1970-7 at values determined as at that date by officers of the Department. Subsequent acquisitions are recorded in the Fund at cost and are depreciated from the year of the acquisition on a straight-line basis over their estimated useful lives as follows:

Furniture and equipment	10 years
Electronic data processing equipment	5 years
Automotive	3 years
Buildings	25 years

(b) Pension plan

Employees of the Race Track Division operating the Supervision Revolving Fund are covered by the Public Service Superannuation Act and the Supplementary Retirement Benefits Act. The Government of Canada's portion of the pension cost is included in the employee fringe benefit charge assessed against the Fund. The actual payment of the pension is made from the Public Service Superannuation and the Supplementary Retirement Benefits Account.

(c) Vacation pay

The accrued liability on the Balance Sheet represents the amount of vacation pay credits outstanding at the end of the year.

(d) Employee termination benefits

Employees leaving Government service generally receive termination benefits at the rate of one week's pay for each complete year of continuous service to a maximum of twenty eight weeks' pay. However, upon resignation, benefits are generally payable only to those with ten or more years of continuous service and the entitlement is reduced to one half week's pay for each year of continuous employment to a maximum of fifteen weeks' pay.

The provision at the end of the year consists of one half week's pay at current salary rates for each complete year of service to a maximum of fifteen weeks' pay.

Public Service Commission— Staff Development and Training Revolving Fund

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Staff Development and Training Revolving Fund as required by and in accordance with the policy of the Treasury Board on revolving funds and the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Fund.

These financial statements were prepared in accordance with the stated accounting policies, on a basis consistent with that of the preceding year. Some of these policies are further explained in the notes which form part of these statements. Some of the information included in these financial statements is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill this reporting responsibility, the Fund maintains a set of accounts which provides a centralized record of the Fund's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with the information presented in these financial statements, unless otherwise indicated.

The Financial Services Directorate and the Fund's financial management officers, who report functionally to the senior full-time financial officer, develop and disseminate financial management and accounting policies, and issue specific directives which maintain standards of accounting and financial management. Systems of financial management and internal control are maintained for the Fund at appropriate cost. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Fund's assets. Financial management and internal control systems are augmented by the activities of internal audit and by on-going monitoring activities by the Fund's Financial Management Officers, Financial Services Officers and by the Financial Services Directorate. The Fund also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

**NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1991**

1. Authority and purpose

The Staff Development and Training Revolving Fund was established by Vote L120, Appropriation Act No. 3, 1971, for the purpose of providing training and development to the Public Service.

The Fund has a continuing non-lapsing authority under the Adjustment of Accounts Act, S.C. 1980, c. 17, to make payments out of the Consolidated Revenue Fund for working capital and temporary financing of accumulated operating deficits, the total of which is not to exceed \$4,500,000 at any time. In accordance with Vote 115a (1980-81) and Vote 35c (1981-82), accumulated deficits of \$4,573,071 have been deleted from the accounts. An amount of \$1,915,571 representing net liabilities assumed by the Fund was charged to this authority when the Fund became budgetary in 1981. The Adjustment of Accounts Act has been repealed and replaced by Section 7 of the Revolving Funds Act.

2. Significant accounting policies

(a) Employee termination benefits

Termination benefits accrue to employees over their years of service with the Government of Canada as provided for under collective agreements. The cost of these benefits is recorded in the accounts as the benefits accrue to the employees.

(b) Fixed assets and depreciation

Effective April 1, 1984 the Staff Development and Training Revolving Fund adopted the accounting policy of capitalizing fixed asset purchases and charging operations for the use of these assets. These fixed assets are depreciated on the declining balance method from the year of acquisition at the following rates:

Office and classroom furniture	10%
Office and classroom equipment	15%
EDP and word processing equipment	25%

(c) Prepaid expenses

Under the terms of two contracts, advance payments are made to suppliers for the provision of video learning tapes and are recorded as prepaid expenses on the balance sheet. The operations of the Fund are charged with expenses coincident with the provision of services. Prepaid expenses also include the inventory of photocopies and supplies maintained for sale to Language Training Canada at March 31, 1991.

(d) Deferred revenue

Consists of amounts received from clients for services to be rendered.

3. Subsidized operations

Appropriation funds in the amount of \$2,885,000 were paid to the Staff Development and Training Revolving Fund for the 1990-91 fiscal year. These funds were approved to cover the cost of the activities that should not be borne by the user which are not cost recoverable. The comparative figure for 1989-90 is \$2,885,000.

Supply Revolving Fund

MANAGEMENT REPORT

The accompanying financial statements of the Supply Revolving Fund have been prepared by Supply and Services Canada in accordance with Treasury Board policies, and reporting requirements and standards of the Receiver General for Canada.

The statements have been prepared on a basis consistent with that of the preceding year end and are consistent with the information presented elsewhere in the Public Accounts and with departmental reports. Significant accounting policies used in the preparation of the financial statements are included in the notes to financial statements. Some of the information included in these financial statements is based on management's best estimates and judgements and gives due consideration to materiality.

The primary responsibility for the integrity and objectivity of these statements rests with the Finance and Administration Sector. This responsibility is discharged by the Financial Policy,

Accounting and Reporting Systems Directorate which develops and disseminates financial management and accounting policies and issues specific directives necessary to maintain standards of accounting and financial management. Furthermore, the Department maintains internal controls designed to indicate accountability, provide assurance that assets are safeguarded and that reliable financial records are kept. Financial management and internal controls are augmented by the maintenance of internal audit programs.

NOTES TO THE FINANCIAL STATEMENTS
MARCH 31, 1991

1. Purpose and authority

The objective of the Fund is to acquire and provide goods and or services required by departments and agencies, taking into account the contribution of procurement to the realization of national objectives, and to provide services for the disposal of Crown owned materiel, all in the most economical manner.

The Supply Revolving Fund was authorized by Supply and Services Vote L6, Appropriation Act No. 1, 1975. Amendments to the appropriation authorized that the operations of the Supply Revolving Fund be combined with the operations of the Printing Revolving Fund effective April 1, 1975, with the Publishing Revolving Fund effective April 1, 1976 and with the Expositions Revolving Fund effective April 1, 1977.

Effective April 1, 1980, Parliament, through the passage of the "Adjustment of Accounts Act", repealed all votes in respect of the accounts of the Supply Revolving Fund. Section 29 of the Act established the Supply Revolving Fund as a budgetary entity with a statutory non-lapsing drawing authority of \$150 million. The authorized limit of the Fund was subsequently increased from \$150 million to \$200 million through the Appropriation Act No. 4, 1981-82. In 1983 the Revolving Funds Act repealed the "Adjustment of Accounts Act" and Section 8 authorized the establishment of the Supply Revolving Fund.

An amount of \$44,171,345 representing net assets assumed by the Fund and assets contributed to the Fund, was charged to this authority when the Fund became budgetary in 1981. Pursuant to Treasury Board authority, the accumulated surplus has been transferred to the Fund's authority as follows:

	\$
1982-83	3,256,386
1983-84	4,888,134
1984-85	5,691,677
1985-86	22,763,154
1986-87	647,189
	<u>37,246,540</u>

2. Significant accounting policies

(a) Revenue and expenses

Revenue and expenses are recorded on the accrual basis of accounting with the following variations:

(i) The accrual policy for recording certain acquisition revenue is based on detailed and validated statistical analysis of the procurement work-load. This policy was implemented to avoid expensive record keeping while respecting the need for adherence to the generally accepted accounting principle of matching cost and revenue.

This policy was revised April 1, 1985. As a result, on contracts ranging from (\$200,000 to \$50 million between April 1, 1985 and May 31, 1987) \$240,000 to \$60 million from June 1, 1987, an initial fee equal to 50% on Science and Engineering Acquisition contracts and 65% on Commercial Acquisition and Printing Acquisition contracts is charged at the date of contract issuance and the balance of the fee is charged over the life of the contract. Certain other large contracts are administered on a project management basis and the actual cost of the project is recorded as revenue in each accounting period over the entire life of the project. Management recognizes that some revenue is earned prior to contract award date but is of the opinion that the accounting principle of matching cost and revenue is not materially violated.

(ii) Employee benefits (termination benefits and vacation pay) accrue to employees over their years of service with the Government of Canada as provided for under collective agreements. The total liability for these benefits is not accrued; however, the actual expenses are recorded in the period in which they are incurred. The unaccrued liability is reflected in Note 8.

(b) Depreciation

Leasehold improvements are amortized on the straight-line basis over the term of the lease with a maximum of 10 years. Other fixed assets are depreciated commencing the year after acquisition on the straight-line basis over their estimated useful lives as follows:

Leasehold improvements	10 years
Furniture	5 years
EDP equipment	5 years
Automotive	5 years
Warehouse equipment	10 years
Printing equipment	8 years
Audio-visual	10 years

4. Net investment in EDP equipment leases

The Treasury Board, on March 2, 1976, authorized the Supply Revolving Fund to purchase designated EDP equipment approved by Treasury Board for client departments. The capital, interest and any other costs are recoverable from departments over a one to five year period under direct financing leasing agreements. Title to the equipment remains with the Supply Revolving Fund until the cost of the equipment is paid in full. Payments by the client departments for the long-term investment in leases are due as follows: \$2,228,738 in 1992-93, \$1,444,795 in 1993-94, \$301,581 in 1994-95 and \$161,221 in 1995-96.

5. (a) Fixed assets and accumulated depreciation

Depreciation in the amount of \$2,762,363 in 1991 and \$2,323,491 in 1990 has been included in the cost of sales in the Statement of Operations. Restatements were made to the opening balances of the fixed assets and leasehold improvements as a result of management decisions. The net book value was not affected by these decisions.

Loss on disposal of fixed assets and deletion of leasehold improvements in the amount of \$376,725 has been included as part of the extraordinary item.

6. Sales and cost of sales

For consolidation purposes, internal sales and cost of sales in the amount of \$33,704,270 (\$35,210,619 in 1990) have been eliminated.

7. Deferred acquisition contract fees

In accordance with the revised Department's policy on smoothing revenue for certain types of contracts as detailed in 2(a)(i), the value of deferred acquisition fees on uncompleted contracting work as at March 31, 1991 amounted to \$10,694,507 (\$9,799,001 in 1990).

8. Employee benefits liability

The unaccrued liability of employee benefits consists of termination benefits and vacation pay.

9. Extraordinary item

Effective April 1, 1991, the Supply Revolving Fund will be reorganized. The Communications Services Directorate will be removed from the Fund and will be established as a Special Operating Agency titled the "Canada Communications Group". This reorganization resulted in the following adjustments within the Supply Revolving Fund.

	\$
Canadian Government Exposition Centre	
Closeout costs—Manufacturing facilities	1,910,000
Inventory adjustment	<u>839,995</u>
	<u>2,749,995</u>

10. Insurance

The Supply Revolving Fund does not carry insurance on either its own property or the property of others held in its warehousing operations. This is in accordance with the Government's policy of self-insurance.

FINANCIAL STATEMENTS OF DEPARTMENTAL CORPORATIONS

Agricultural Stabilization Board

MANAGEMENT REPORT

The accompanying statement of use of parliamentary appropriations of the Agricultural Stabilization Board, for the year ended March 31, 1991, and all the information in this annual report are the responsibility of management and have been approved by the Executive Board. We have made the following representations based on the best of our knowledge and belief. We have prepared the accompanying statement of use of parliamentary appropriations in accordance with the Government of Canada's rules for the recording of expenditures by departments. Financial information presented elsewhere in the annual report is consistent with that contained in the financial statement.

The ASB maintains systems of financial management and internal control. Transactions are recorded in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability for government funds.

The Auditor General of Canada has been requested to carry out an audit of the statement of use of parliamentary appropriations. The financial statement for the year ended March 31, 1991 and the Auditor's Report thereon follow.

AUDITOR'S REPORT

TO THE MINISTER OF AGRICULTURE

I have audited the statement of use of parliamentary appropriations by the Agricultural Stabilization Board for the year ended March 31, 1991. This statement is the responsibility of the Board's management. My responsibility is to express an opinion on this statement based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall statement presentation.

In my opinion, this statement presents fairly, in all material respects, the use of parliamentary appropriations by the Board for the year ended March 31, 1991 in accordance with accounting policies set out in Note 2 to the statement.

Further, in my opinion, the transactions of the Board that have come to my notice during my examination of the statement have, in all significant respects, been in accordance with the Appropriation Acts for the year ended March 31, 1991, the Financial Administration Act and regulations and the Agricultural Stabilization Act.

**NOTES TO THE STATEMENT OF USE OF
PARLIAMENTARY APPROPRIATIONS
MARCH 31, 1991**

**1. Authority and objectives of the Board and purpose of the
statement**

The Board, which was established in 1958 and operates under the authority of the Agricultural Stabilization Act (the "Act"), consists of three members appointed by the Governor in Council. It is a departmental corporation named in Schedule II of the Financial Administration Act.

The objectives of the Board are to stabilize the prices of agricultural commodities in order to assist the agricultural industry to realize fair returns for its labour and investment and to maintain a fair relationship between prices received by farmers and the costs of goods and services that they buy.

The purpose of the statement of use of parliamentary appropriations is to present the use of appropriations by the Board for purposes of the Act in accordance with accounting policies described in Note 2. These policies are consistent with the Government of Canada's rules for the recording of expenditures by departments. The statement is not intended to present the results of the Board's operations based on agricultural conditions during the year. This would require that consideration be given to adopting accounting policies on a full accrual basis.

Contributions for named commodities pursuant to the minimum provisions of the Act and for commodities covered by National Tripartite Stabilization Program agreements established pursuant to the Act are funded through a statutory authority. The Board's operating and capital expenditures, and all other contributions pursuant to provisions of the Act, are funded by budgetary lapsing authorities.

2. Significant accounting policies

(a) Expenditure recognition

Contributions funded by a statutory authority are recorded on the cash basis. All other contributions are recorded on a cash basis, except that disbursements for which payment claiming documents have been received within a specified period after the year end are accrued. Operating and capital expenditures are recorded on the accrual basis.

(b) Refunds of previous years' expenditures

Refunds of previous years' statutory expenditures are deducted from statutory contributions (included in this statement) when received. Refunds of previous years' annually voted expenditures are not included in this statement.

3. Subsequent event

The Act was repealed effective April 1, 1991 with the coming into force of the Farm Income Protection Act (FIPA) on April 1, 1991. The Agricultural Stabilization Board will continue to exist for purposes of administering activities pursuant to the transitional clauses of FIPA as they relate to the Act, and for other deficiency payments as explained below.

Agricultural Stabilization Board—Concluded

NOTES TO THE STATEMENT OF USE OF
PARLIAMENTARY APPROPRIATIONS
MARCH 31, 1991—*Concluded*

The transitional clauses of the FIPA extend the provisions of the Act for wool marketed during the 1990 calendar year and for other named commodities (corn and soybeans and spring wheat, winter wheat, oats and barley not produced in the designated area as defined in the Canadian Wheat Board Act) marketed during the 1990-91 crop year. Further, the provisions of the Act as they relate to the establishment of a prescribed percentage of a base price for industrial milk and cream will continue to apply for the fiscal year ending March 31, 1992.

Deficiency payments for named commodities provided for in the Act prior to its repeal effective April 1, 1991 and for designated commodities authorized by Governor in Council pursuant to the Act prior to April 1, 1991 will continue to be made in 1991-92 and subsequent years as payment claiming documents are received. Refunds of previous years' expenditures due to overpayments to producers will also continue in 1991-92 and subsequent years as the Board's post-verification of receipts is completed.

The National Tripartite Stabilization Program agreements entered into pursuant to the Act will continue under the authority of the FIPA.

MANAGEMENT REPORT

We have prepared the accompanying financial statement of the Atomic Energy Control Board (AECB) in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in this financial statement rests with the management of the AECB.

This financial statement was prepared in accordance with the stated accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in the financial statement is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill its reporting responsibility, the AECB maintains a set of accounts which provides a centralized record of the AECB's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with this financial statement, unless indicated otherwise.

The AECB Administration Directorate develops and disseminates financial management and accounting policies, and issues directives which maintain standards of accounting and financial management. The AECB maintains systems of financial management and internal control at appropriate cost. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the AECB's assets. The AECB also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

This financial statement has been audited by the Deputy Auditor General, his role being to express an informed opinion as to whether the AECB's financial statement, considered in its entirety, presents fairly, in conformity with stated accounting policies, the AECB's financial transactions.

AUDITOR'S REPORT

TO THE ATOMIC ENERGY CONTROL BOARD
AND THE
MINISTER OF ENERGY, MINES AND RESOURCES

I have audited the statement of operations of the Atomic Energy Control Board for the year ended March 31, 1991. This financial statement is the responsibility of the Board's management. My responsibility is to express an opinion on this financial statement based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, this financial statement presents fairly, in all material respects, the results of the operations of the Board for the year ended March 31, 1991 in accordance with the accounting policies set out in Note 2 to the financial statement.

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1991

1. Authority, objective and operations

The Atomic Energy Control Board (AECB) was established in 1946, by the Atomic Energy Control Act. It is a departmental corporation named in Schedule II to the Financial Administration Act and currently reports to Parliament through the Minister of Energy, Mines and Resources.

The objective of the AECB is to control nuclear energy in the interests of health, safety and national security. The AECB achieves this objective by controlling the development, application and use of nuclear energy in Canada, and by participating on behalf of Canada in international measures of control.

The AECB administers the Nuclear Liability Act, including designating nuclear installations and prescribing basic insurance to be carried by the operators of such nuclear installations, and the administration of supplementary insurance coverage premiums for these installations. The sum of the basic insurance and supplementary insurance totals \$75 million for each designated installation (see Note 9). The number of installations requiring insurance coverage is 15.

The AECB's expenditure is funded by a budgetary lapsing authority. Revenue, including licence fees, is deposited to the Consolidated Revenue Fund and is not available for use by the AECB. Employee benefits are authorized by a statutory authority.

On April 1, 1990 the AECB Cost Recovery Fees Regulations came into effect. The general intent of these regulations is the recovery of all operating and administration costs of the AECB's regulatory activities relating to the commercial use of nuclear energy from the users of such nuclear energy. Educational institutions, publicly funded non-profit health care institutions and other federal Government departments are exempt from these regulations. The AECB costs associated with exempt organizations and costs related to its international safeguards and import/export activities are to remain as a cost to the Government.

Fees for each licence type have been established based on the AECB's cost of carrying out its regulatory activities. These include the technical assessment of licence applications, compliance inspections to ensure that licensees are operating in accordance with the conditions of their licence, and the development of licence standards. The current fees are based on 1988-89 AECB costs. The AECB plans to review and update its licence fees every two years.

2. Significant accounting policies

The statement of operations has been prepared using the following accounting policies:

(a) Expenditure recognition

All expenditure is recorded on the accrual basis, in accordance with the Government's accounting policy, with the exception of employee termination benefits and vacation pay which are recorded on the cash basis.

Atomic Energy Control Board—Continued

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1991—Continued

(b) Revenue recognition

Licence fees are recorded as revenue over the life of the licence (normally one or two years), except for licence fees regarding an application for a construction approval of a nuclear reactor in which case it is recognized over the period of the work performed by the AECB.

Refunds of previous years' expenditure are recorded as revenue when received and are not deducted from expenditure.

Other revenue is recorded on the cash basis.

(c) Capital purchases

Acquisitions of capital assets are charged to operating expenditure in the year of purchase.

(d) Services provided without charge

Estimates of amounts for services provided without charge by Government departments are included in expenditures.

(e) Contributions to superannuation plan

AECB employees participate in the superannuation plan administered by the Government of Canada and contribute equally with the AECB to the cost of the plan. Contributions by the AECB are charged to expenditure when disbursed.

3. Licence fees—Deferred revenue

At year end the unearned portion of licence fees was as follows:

	1991	1990
	\$	\$
Receipts during the year*	37,754,149	
Less: revenue recognized during the year (licence fees)	24,555,286

Less: non-tax revenue	24,661,877	63,149
Net cost of operations	13,122,123	30,395,319

5. Liabilities

At year end the amounts of liabilities are as follows:

	1991	1990
	\$	\$
(a) Accounts payable		
Payables at Year End	3,332,995	2,001,150
Payments on due date	1,387,648	1,985,692

Employee termination benefits	1,512,317	1,389,589
	3,063,351	2,608,466

The costs represented by the accounts and salaries payable are reflected in the statement of operations.

The costs associated with other liabilities are not included in the statement of operations. These costs are recognized only when paid (see Note 2(a)).

The vacation pay represents the amount of vacation pay credits outstanding at the end of the year.

The employee termination benefits are calculated for employees having 10 or more years of continuous employment on the basis of one half week pay for every year of continuous service to a maximum of 13 weeks pay.

6. Licences provided free of charge

During the year, the value of licences provided free of charge to educational institutions and publicly funded non-profit health care institutions amounts to \$1,515,286. The value of licences provided free of charge to other federal Government departments amounts to \$381,238.

7. Contingent liabilities

At March 31, 1991, the AECB was defendant in lawsuits amounting to \$900,000 (1990—\$600,000). Of this amount, \$600,000 represents lawsuits seeking damages for breach of statutory duties related to radioactively contaminated soil. The remaining \$300,000 represents a lawsuit seeking damages for wrongful dismissal. Any settlement resulting from the resolution of these actions will be paid from the Consolidated Revenue Fund.

8. Related party transactions

AECB administers a special program jointly with Atomic Energy of Canada Limited (AECL) for research and development in support of the safeguards program of the International Atomic Energy Agency. For 1991, AECL charged \$1,900,306 (1990—\$1,150,000) to this program.

Atomic Energy Control Board—Concluded

MARCH 31, 1991—Concluded

9. Nuclear liability reinsurance account

Under Section 17 of the Nuclear Liability Act, all premiums paid by the operators of nuclear installations for supplementary insurance coverage are credited to a Nuclear Liability Reinsurance Account. The Account forms part of the Consolidated Revenue Fund. Any claims against the supplementary insurance coverage are payable out of the Consolidated Revenue Fund and charged to the Account. There have been no claims against or payments out of the Nuclear Liability Reinsurance Account since its creation. The balance of the Nuclear Liability Reinsurance Account as at March 31, 1991 is \$535,521 (1990—\$534,021).

The supplementary insurance coverage provided by the Government of Canada under the Nuclear Liability Act, as of March 31, 1991 is \$664,500,000 (1990—\$664,500,000). Insurance coverage, by the Government of Canada, also includes a class of risks excluded as a liability of the principal insurers.

10. Comparatives figures

For comparatives purposes, some 1990 figures have been reclassified to conform with the 1991 presentation.

Canada Employment and Immigration Commission

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Canada Employment and Immigration Commission (CEIC) in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of CEIC. In order to assure maximum objectivity and freedom from bias, the financial data contained in these financial statements has been examined by the Senior Management of CEIC.

These financial statements were prepared in accordance with the accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in the financial statements is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill its reporting responsibility, the CEIC maintains a set of accounts which provides a centralized record of the CEIC financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with that in these financial statements, unless indicated otherwise.

Financial services develops and disseminates financial management and accounting policies, and issues directives which maintain standards of accounting and financial management. The CEIC maintains systems of financial management and internal control. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard CEIC assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs. CEIC also seeks to assure the objectivity and integrity of data in these financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

the Unemployment Insurance Account and in respect of fishermen's benefits are authorized by statutory authorities. The Commission is divided into three program areas and their objectives are as follows:

Corporate Management and Services Program—To ensure the development and the implementation of policies and programs, to provide strategic, operational and administrative support to enable Canada Employment and Immigration Commission to carry out its mission, and to provide for such other functions allocated to it.

Employment and Insurance Program—To develop and apply a framework of policies and programs necessary for the efficient functioning of the Canadian labour market consistent with national, social and economic goals, in a manner which promotes: a labour force which meets national and occupational requirements; an economy capable of growth and adaptation without undue burden on individuals, groups, and regions; and equality of opportunity to compete for and have access to jobs.

Immigration Program—To contribute to the economic, social, humanitarian and cultural interests of Canada and to meet our international responsibilities through the administration and admission of immigrants and visitors to Canada, the settlement of immigrants in Canada, and the provision of effective control of persons seeking to come into or remain in Canada, taking into account the health, safety and security needs of Canada.

Loans to immigrants and other classes of persons for the purpose of paying the costs of admission, transportation and reasonable living expenses are made under a non-budgetary statutory authority advanced by the Minister of Finance pursuant to the Immigration Act, Section 119. The total amount of loans outstanding shall not, at any time, exceed \$110,000,000.

2. Significant accounting policies

The statement of operations was prepared using the following accounting policies:

- (i) Expenditure is recorded for all goods and services received and/or performed up to March 31, in accordance with the Government's Payables at Year End accounting policy, with the exception of termination benefits and vacation pay.
- (ii) Revenue is recorded on a cash basis in accordance with the Government's accounting policies.
- (iii) Acquisitions of capital assets are charged to operating expenditure in the year the expenditure is incurred.
- (iv) Estimated amounts for services provided without charge from other Government departments are disclosed in the statement of operations.
- (v) Refunds of previous years' expenditures are recorded as revenue when received and are not deducted from expenditure.

5. Trust funds and specified purpose accounts

The Canada Employment and Immigration Commission also has the responsibility to administer and control the following trust funds and specified purpose accounts.

(a) Unemployment Insurance Account

The Unemployment Insurance Act provides for a compulsory contributory Unemployment Insurance Program applying to all employees, subject to minor exceptions.

The Act authorizes an account in the Accounts of Canada to be known as the Unemployment Insurance Account.

The Act provides for the following to be credited to the Account: (a) premiums, penalties and interest; (b) Government's share of benefits pursuant to Bill C-21, the 1990-91 share is calculated and applicable for the period of April 1 to October 23, 1990; (c) repayment of overpayments of benefits, or overpayment of amounts paid under Section 26.1 and, benefit repayments; (d) amounts for services rendered to other Government departments or agencies, or to the public; (e) amounts provided for any other purpose related to unemployment insurance and authorized by an appropriation administered by the Canada Employment and Immigration Commission; and (f) interest on the balance of the account at such rates as the Minister of Finance may authorize. The Act also provides that the following be charged to the account: (a) benefits paid under the Act; (b) all amounts paid under Section 26.1 for developmental assistance (c) the costs of administering the Act; and (d) the interest on advances made by the Minister of Finance.

⁽²⁾ No interest bearing loans under Section 137(1) of the Unemployment Insurance Act (1990, no interest bearing loans) were made to the Unemployment Insurance Account. The net balance as at March 31, 1991 is of \$176 million (1990—\$971 million).

(b) Government Annuities Account

This account was established by the Government Annuities Act, and modified by the Government Annuities Improvement Act, which discontinued sales of annuities. The account is valued on an actuarial basis each year, with the deficit or surplus charged or credited to the Consolidated Revenue Fund. The accounts of the Government Annuities Account are maintained on an accrual basis.

The purpose of the Government Annuities Act was to assist Canadians to provide for their later years, by the purchase of Government annuities. The Government Annuities Improvement Act increased the rate of return and flexibility of Government annuity contracts, and discontinued sales of annuities.

Receipts and other credits consist of premiums received, funds reclaimed from the Consolidated Revenue Fund for previously unlocated annuitants, earned interest and items transferred from previous years' revenue to cover the actuarial deficit. Payments and other charges represent matured annuities, the commuted value of death benefits, premium refunds and withdrawals, and actuarial surpluses and unclaimed items transferred to non-tax revenue. The amounts of unclaimed annuities, related to annuitants who cannot be located, are transferred to non-tax revenue.

Canadian Centre for Occupational Health and Safety

MANAGEMENT REPORT

We have prepared the accompanying financial statement of the Canadian Centre for Occupational Health and Safety (CCOHS) in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in this financial statement rests with the management of the Centre. In order to assure maximum objectivity and freedom from bias, the financial data contained in this financial statement has been examined by the Audit Committee of the Centre.

This financial statement was prepared in accordance with the stated accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in the financial statement is based on management's best estimates and judgement and gives due consideration to materiality. To fulfill this reporting responsibility, the Centre maintains a set of accounts which provides a centralized record of the Centre's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with this financial statement, unless indicated otherwise.

The Centre's directorate of financial services develops and disseminates financial management and accounting policies, and issues specific directives which maintain standards of accounting and financial management. The Centre maintains systems of financial management and internal control at appropriate cost. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Centre's assets. The Centre also seeks to assure the objectivity and integrity of data in its financial statement by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

This financial statement has been audited by the Auditor General, his role being to express an informed opinion as to whether the Centre's financial statement, considered in its entirety, presents fairly, in accordance with stated accounting policies, the Centre's financial transactions.

AUDITOR'S REPORT

TO THE COUNCIL OF THE CANADIAN CENTRE FOR
OCCUPATIONAL HEALTH AND SAFETY
AND THE
MINISTER OF LABOUR

I have audited the statement of operations of the Canadian Centre for Occupational Health and Safety for the year ended March 31, 1991. This financial statement is the responsibility of the Centre's management. My responsibility is to express an opinion on this financial statement based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, this financial statement presents fairly, in all material respects, the results of operations of the Centre for the year ended March 31, 1991 in accordance with the accounting policies set out in Note 2 to the financial statement.

NOTES TO THE STATEMENT OF OPERATIONS MARCH 31, 1991

1. Authority and purpose

The Centre was established in 1978 under the Canadian Centre for Occupational Health and Safety Act and is a departmental corporation named in Schedule II to the Financial Administration Act. The objectives of the Centre are to promote the right of Canadians to a healthy and safe working environment and to enhance the physical and mental health of workers. The Centre's operating expenditure is funded in part by its operating revenue and by a budgetary lapsing authority.

2. Significant accounting policies

The statement of operations has been prepared using the following accounting policies:

(a) Expenditure recognition

All expenditure is recorded on the accrual basis in accordance with the Government's accounting policy, with the exception of termination benefits and vacation pay which are recorded on the cash basis.

(b) Revenue recognition

Revenue is recorded on the cash basis in accordance with the Government's accounting policies.

(c) Capital purchases

Acquisitions of capital assets are charged to operating expenditure in the year of purchase.

(d) Services provided without charge by Government departments

Estimates of amounts of services provided without charge by Government departments are included in expenditures.

(e) Pension plan

Employees participate in the Public Service Superannuation Plan administered by the Government of Canada. The employees and the Centre contribute equally to the cost of the Plan. The Centre's contributions are charged to expenditure on a current basis.

Canadian Transportation Accident Investigation and Safety Board

MANAGEMENT REPORT

We have prepared the accompanying financial statement of the Canadian Transportation Accident Investigation and Safety Board (CTAISB) in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in this financial statement rests with management.

This financial statement was prepared in accordance with the accounting policies set out in Note 2. Some of the information included in the financial statement is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill its reporting responsibility, the CTAISB maintains a set of accounts which provides a centralized record of its financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with that in the statement of operations, unless indicated otherwise.

The CTAISB's administration branch develops and disseminates financial management and accounting policies, and issues directives which maintain standards of accounting and financial management. The CTAISB maintains systems of financial management and internal control. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard its assets. The CTAISB also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

The statement of operations has been audited by the Auditor General, his role being to express an informed opinion as to whether the statement of operations, considered in its entirety, presents fairly, in conformity with stated accounting policies, the CTAISB's financial transactions.

AUDITOR'S REPORT

TO THE CHAIRMAN OF CANADIAN TRANSPORTATION
ACCIDENT INVESTIGATION AND SAFETY BOARD
AND TO THE
PRESIDENT OF THE QUEEN'S PRIVY COUNCIL FOR CANADA

I have audited the statement of operations of the Canadian Transportation Accident Investigation and Safety Board for the year ended March 31, 1991. This financial statement is the responsibility of the Board's management. My responsibility is to express an opinion on this financial statement based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, this financial statement presents fairly, in all material respects, the results of operations of the Board for the year ended March 31, 1991 in accordance with the accounting policies set out in Note 2 to the financial statement.

NOTES TO THE STATEMENT OF OPERATIONS MARCH 31, 1991

1. Authority and purpose

The Canadian Transportation Accident Investigation and Safety Board (CTAISB) was established on March 29, 1990 under the CTAISB Act and is a departmental corporation named in Schedule II to the Financial Administration Act. The objective of the Board is to advance transportation safety. The primary purpose of the Board's investigations is accident prevention. It seeks to identify safety deficiencies in transportation occurrences and to make recommendations designed to eliminate or reduce any such safety deficiencies. In addition to investigations and public inquiries into specific occurrences, the Board may conduct special studies and special investigations into more general matters pertaining to transportation safety. The Board has the exclusive authority to determine causes and contributing factors when it investigates a transportation occurrence. The Board's expenditure is funded by a budgetary lapsing authority.

2. Significant accounting policies

The statement of operations has been prepared using the following accounting policies:

(a) Expenditure recognition

All expenditure is recorded on an accrual basis, in accordance with the Government's accounting policy, with the exception of termination benefits and vacation pay which are recorded on a cash basis.

(b) Revenue recognition

Revenue is recorded on a cash basis in accordance with the Government's accounting policies.

(c) Refunds of previous years' expenditure

Refunds of previous years' expenditure are recorded as revenue when received and are not deducted from expenditure.

(d) Capital purchases

Acquisitions of capital assets are charged to operating expenditure in the year of purchase.

(e) Services provided without charge by Government departments

Estimates of amounts for services provided without charge by Government departments are included in expenditures.

Economic Council of Canada

MANAGEMENT REPORT

We have prepared the accompanying financial statement of the Economic Council of Canada in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in this financial statement rests with the Chief executive officer of the Council.

This financial statement was prepared in accordance with the accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in the financial statement is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill its reporting responsibility, the Council maintains a set of accounts which provides a centralized record of the Council's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with this financial statement.

The Council's financial services division develops and disseminates financial management and accounting policies, and issues directives which maintain standards of accounting and financial control. The Council maintains systems of financial management and internal control at appropriate cost. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Council's assets. Financial management and internal control systems are augmented by an internal audit function, established in compliance with the Treasury Board/Office of the Comptroller General standards for internal audit in the Government of Canada. The Council also seeks to ensure the objectivity and integrity of data in this financial statement by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communications aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

This financial statement has been audited by the Auditor General, his role being to express an informed opinion as to whether the Council's financial statement, considered in its entirety, presents fairly, in conformity with stated accounting policies, the Council's financial transactions for the year ended March 31, 1991.

The accounting system and financial statement of the Council have evolved over the years to meet changing conditions and reporting requirements, both internal and external. With an internal computerized financial reporting and control system, the Council has realized achievements in more accurately forecasting the cost of future initiatives and in the provision of financial information for decision-making purposes.

1. Authority and purpose

The Council was established in 1963 by the Economic Council of Canada Act and is a departmental corporation named in Schedule II of the Financial Administration Act.

The objective of the Council is to advise and recommend to the Prime Minister how Canada can achieve the highest possible levels of employment and efficient production in the medium and long-term in order that the country may enjoy a high and consistent rate of economic growth and that all Canadians may share in rising living standards.

The Council's operating expenditures are funded by a budgetary lapsing authority. Employee benefits are authorized by statutory authorities.

2. Significant accounting policies

The statement of operations has been prepared using the following accounting policies:

(a) Expenditure recognition

All expenditure is recorded on the accrual basis, in accordance with the Government's PAYE accounting policy, with the exception of termination benefits and vacation pay which are recorded on the cash basis.

(b) Revenue recognition

Revenue is recorded on the cash receipts basis in accordance with the Government's accounting policies.

In June 1990, the Council and the Canadian International Development Agency (CIDA) entered into an agreement under which the Council will, over a six year period, assist the Thailand Development Research Institute in strengthening its abilities in various areas. A budget of \$7.6 million has been established for the project which will be fully funded by CIDA. During 1990-91 fiscal year, approximately \$373,000 was recovered from CIDA for the expenditures paid by the Council. These expenditures are not recorded in this statement of operations for 1990-91.

5. Lease commitment

On April 25, 1990, the Economic Council of Canada entered into a buy for lease agreement with the Department of Supply and Services to purchase a VAX computer. The asset was valued at \$416,600 using an implicit interest rate of 9.64%, with the obligation being liquidated over the lease term of 4 years through annual lease payments of \$104,150.

Fisheries Prices Support Board

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Fisheries Prices Support Board in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Board.

These financial statements were prepared in accordance with the stated accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in the financial statements is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill this reporting responsibility, the Board maintains a set of accounts which provides a centralized record of the Board's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with these financial statements, unless indicated otherwise.

The Board's financial service group develops and disseminates financial management and accounting policies, and issues specific directives which maintain standards of accounting and financial management. The Board maintains systems of financial management and internal control at appropriate costs. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Board's assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs. The Board also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

These financial statements have not been audited by the Auditor General. The Auditor General has however, audited the financial statement of the Board prepared on an accrual basis of accounting and has expressed the opinion that such financial statement presents fairly, in conformity with stated accounting policies, the Board's financial position as at March 31, 1991.

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1991

1. Authority, objectives and operations

The Board was established in 1944 under the Fisheries Prices Support Act and is a departmental corporation named in Schedule II to the Financial Administration Act. As authorized by the Governor in Council, the Board is empowered to purchase fishery products for its own account and to make deficiency payments to producers of such products. The Act requires that the Board, in establishing purchase prices and in determining the rate at which deficiency payments are to be made, endeavour to secure a fair relationship between the returns from fisheries and those from other occupations. The Board operates through offices of the Department of Fisheries and Oceans, with departmental staff performing certain functions of the Board.

2. Significant accounting policies

The financial statements have been prepared using the following accounting policies:

(a) Expenditure recognition

All expenditure is recorded on the accrual basis, in accordance with the Government's PAYE accounting policy, with the exception of termination benefits and vacation pay which are recorded on the cash basis.

(d) Refunds of previous years' expenditure

Refunds of previous years' expenditure are recorded as revenue when received and are not deducted from expenditure.

3. Canned mackerel program

In 1990-91, the Board's only activity was to act as an agent for the procurement of canned mackerel. This program was funded in its entirety by way of an advance from the Canadian International Development Agency (CIDA). CIDA provided an advance of \$3,500,000, the Board paid \$2,839,675 for the acquisition, storage and delivery of the mackerel, and the balance of \$660,325 was returned to CIDA.

Due to the nature of this agency relationship with CIDA, the Board carried out the transactions on CIDA's behalf and for CIDA's use and thus, did not hold lawful possession of the goods. As such, no sales, cost of goods sold or warehousing and handling transactions are recognized in the March 31, 1991 statement of operations in relation to this agency arrangement with CIDA.

The Board operates through offices of the Department of Fisheries and Oceans, with departmental staff performing certain functions of the Board.

2. Accounting policies

The Board follows the accrual basis of accounting.

Administrative services provided without charge by the Department of Fisheries and Oceans are included in the cost of operations.

3. Canned mackerel program

In 1990-91, the Board's only activity was to act as an agent for the procurement of canned mackerel. This program was funded in its entirety by way of an advance from the Canadian International Development Agency (CIDA). CIDA provided an advance of \$3,500,000 (\$3,500,000 in 1989-90), the Board paid \$2,839,675 (\$2,479,534 in 1989-90) for the acquisition, storage and delivery of the mackerel, and the balance of \$660,325 (\$1,020,466 in 1989-90) was returned to CIDA.

Due to the nature of this agency relationship with CIDA, the Board carried out the transactions on CIDA's behalf and for CIDA's use and thus, did not hold lawful possession of the goods. As such, no revenues and expenses are recognized in the March 31, 1991 statement of operations in relation to this agency arrangement with CIDA.

The Board has agreed to act as an agent for CIDA again in 1991-92.

Medical Research Council

MANAGEMENT REPORT

We have prepared the accompanying financial statement of the Medical Research Council in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in this financial statement rests with the management of the Council.

This financial statement was prepared in accordance with the stated accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in this financial statement is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill this reporting responsibility, the Council maintains a set of accounts which provides a detailed record of the Council's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with this financial statement, unless indicated otherwise.

The Council's Corporate Management Branch develops and disseminates financial management and accounting policies, and issues specific directives which maintain standards of accounting and financial management. The Council maintains systems of financial management and internal control at appropriate cost. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Council's assets. The Council also seeks to assure the objectivity and integrity of data in this financial statement by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate division of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

This financial statement has been audited by the Auditor General, his role being to express an informed opinion as to whether the Council's financial statement, considered in its entirety, presents fairly, in conformity with stated accounting policies, the Council's financial transactions.

AUDITOR'S REPORT

TO THE MEDICAL RESEARCH COUNCIL
AND THE
MINISTER OF NATIONAL HEALTH AND WELFARE

I have audited the statement of operations of the Medical Research Council for the year ended March 31, 1991. This financial statement is the responsibility of the Council's management. My responsibility is to express an opinion on this financial statement based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, this financial statement presents fairly, in all material respects, the results of operations of the Council for the year ended March 31, 1991 in accordance with the accounting policies set out in Note 2 to the financial statement.

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1991

1. Authority and purpose

The Medical Research Council was established in 1969 by the Medical Research Council Act and is a departmental corporation named in Schedule II to the Financial Administration Act. The objective of the Council is to help attain the quality and scale of research in the health sciences essential to the maintenance and improvement of health services. The Council's operating and grants expenditures are funded by a budgetary lapsing authority. Employee benefits are authorized by a statutory authority.

2. Significant accounting policies

The financial statement has been prepared using the following accounting policies:

(a) Expenditure recognition

Grants and scholarships are charged to expenditure when disbursed. All operating expenditure is recorded on the accrual basis, with the exception of termination benefits and vacation pay which are recorded on the cash basis. This practice is in accordance with the Government's accounting policy.

(b) Capital purchases

Acquisitions of capital assets are charged to operating expenditure in the year of purchase.

(c) Services provided without charge by Government departments

Estimates of amounts for services provided without charge by Government departments are included in expenditure.

(d) Refunds of previous years' expenditure

Refunds of previous years' expenditure are recorded as revenue when received and are not deducted from expenditure.

(e) Contributions to the Public Service Superannuation Plan

Employees participate in the Public Service Superannuation Plan administered by the Government of Canada. The employees and the Council contribute equally to the cost of the Plan. Contributions by the Council are charged to expenditure on a current basis.

Medical Research Council—Continued**NOTES TO THE STATEMENT OF OPERATIONS**
MARCH 31, 1991—Continued**4. Trust funds**

As provided for in Section 4(3) of the Medical Research Council Act, the Council administers a number of trust funds separately from the activities funded through parliamentary appropriations. The purpose and accounting for these funds is described below. The balance of these funds is represented by deposit with the Receiver General for Canada.

- (a) In 1974, the Council received \$75,000 from an anonymous donor to establish a fund. The interest received is used for the payment of grants for research in the fields of dyskinesia and torticollis. Other donations received in prior years not earmarked for specific projects have also been credited to this Fund.
- (b) In 1985, the Council received a distinguished award entitled "The St. Boniface General Hospital Research Foundation Award" which included an amount of \$20,000. In recognition of the importance of the award, the Council,

in agreement with the Foundation, decided to use the monetary portion of the award to establish a trust fund from which it could provide summer research scholarships to encourage graduate high school students, first year pre-med students and first and second year medical students to become involved in biomedical research. These awards are called "Farquharson Research Scholarships". The last award was paid in 1991, and the fund has now been closed.

- (c) In February 1986 the Federal Government announced, as part of a new "Matching Policy", that private sector contributors who wish to provide funds for medical research can channel their money either through universities or through the Medical Research Council. When the Council receives such monies, they must be placed in trust and disbursed in accordance with agreements between the contributor and the Council.

The transactions relating to these three funds are as follows:

	Dyskinesia and torticollis		Farquharson Research Scholarships		Donations for research	
	1991	1990	1991	1990	1991	1990
	\$	\$	\$	\$	\$	\$

Balance, end of year	102,896	92,353		66	812,446	635,046

5. Commitments

The Council is committed to disburse grants and scholarships in future years subject to the provision of funds by Parliament. Future year commitments are as follows:

Year of payment	1991	1990
	(in thousands of dollars)	
1990-91		198,130

1995-96	19,139	6,356
1996-97	6,315	
	587,276	500,756

6. Travel

Expenditure for travel charged to operations is related to the peer review process and was incurred by the members of 26 grant committees, 10 award committees and the staff of the Council to meet, assess and rate grant and award applications. In addition, travel expenditure incurred by the Council, its executive and standing committees and other non-staff advisory personnel is also charged to operations.

Medical Research Council—ConcludedNOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1991—Concluded

Expenditure for travel charged to administration is for the general support of the Council's administrative activities and includes meetings of ad hoc advisory groups established to study specific issues for the Council. Details are as follows:

National Museums of Canada

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the National Museums of Canada in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Corporation. In order to assure maximum objectivity and freedom from bias, the financial data contained in these financial statements was derived from these financial statements as of June 30, 1990 that were audited by the Auditor General of Canada.

These financial statements were prepared in accordance with the accounting policies set out in Note 2. Some of the information included in the financial statements is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill its reporting responsibility, the Corporation maintains a set of accounts which provide a record of the Corporation's financial transactions. Financial information contained in the departmental statements and elsewhere in the Public Accounts is consistent with that in these financial statements, unless indicated otherwise.

The Corporation's Comptroller develops and disseminates financial management and accounting policies, and issues directives which maintain standards of accounting and financial management. The Corporation maintains systems of financial management and internal control. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Corporation's assets. Financial management and internal control systems are augmented by frequent contacts between staff of the Corporation and of the Auditor General's Office. The Corporation also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE THREE MONTHS ENDED JUNE 30, 1990

1. Authority and objective

The National Museums of Canada was established by the National Museums Act in 1968 and is a departmental corporation named in Schedule II to the Financial Administration Act.

The Corporation's objective is to demonstrate, and to assist others to demonstrate, the products of nature and culture, with particular but not exclusive reference to Canada, so as to increase interest in and to disseminate knowledge of Canada's natural and cultural legacy for the enrichment of present and future generations.

The Corporation's operations comprise the National Gallery of Canada, the Canadian Museum of Civilization, the National Museum of Natural Sciences, the National Museum of Science and Technology, Corporate Management and Corporate Services.

Operations, capital and grants and contributions are funded by budgetary lapsing authorities and employee benefits are authorized by statutory authorities.

On January 30, 1990, the Museums Act received Royal Assent, whereby the operations of the corporation were to be transferred to four newly created Crown corporations (National Gallery of Canada, National Museum of Science and Technology, Canadian Museum of Civilization and Canadian Museum of Nature) listed in Part 1 of Schedule III of the Financial Administration Act. On June 28, 1990 the Governor in Council fixed July 1, 1990 as the day on which the said Act would come into force. Under the new Act, the Corporation ceased its operations on June 30, 1990.

2. Accounting policies

(a) Expenditure

Expenditure is accounted for on the accrual basis of accounting, except for employee termination benefits, vacation pay, and trust account transactions which are accounted for on the cash basis of accounting.

(b) Revenue

Revenue is accounted for on the cash basis of accounting in accordance with Government of Canada accounting policies.

(c) Capital purchases

Capital acquisitions are charged to operating expenditure in the year of purchase.

(d) Services provided without charge

Estimated amounts for services provided without charge by Government departments are included in the operating expenditure.

(e) Refunds of previous years' expenditure

Refunds of previous years' expenditure are recorded as revenue when received and are not deducted from expenditure.

(f) Pension plan

The employees of the Corporation participate in the Public Service Superannuation Plan administered by the Government of Canada. The employees and the Corporation contribute equally to the cost of the plan. Contributions in respect of current service are expensed during the year in which the services are rendered. With respect to past service, contributions are expensed when paid.

(g) Publishing and boutiques

Operating expenditure of publishing and boutiques do not include costs relating to personnel, travel, building maintenance, rent and utilities. These costs are included as general operating expenses.

AUDITOR'S REPORT

TO THE MINISTER OF COMMUNICATIONS

I have examined the balance sheet of the National Museums of Canada as at June 30, 1990 and the statements of operations, equity and changes in financial position for the three months then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at June 30, 1990 and the results of its operations and the changes in its financial position for the three months then ended in accordance with the accounting policies set out in Note 2 to the financial statements applied on a basis consistent with that of the preceding year.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 1990

1. Authority, objective and operations

The National Museums of Canada was established by the National Museums Act in 1968 and is a departmental corporation named in Schedule II to the Financial Administration Act.

The Corporation's objective is to demonstrate, and to assist others to demonstrate, the products of nature and culture, with particular but not exclusive reference to Canada, so as to increase interest in and to disseminate knowledge of Canada's natural and cultural legacy for the enrichment of present and future generations.

The Corporation's operations comprise the National Gallery of Canada, the Canadian Museum of Civilization, the National Museum of Natural Sciences, the National Museum of Science and Technology, Corporate Management and Corporate Services.

On January 30, 1990, the Museums Act received Royal Assent, whereby the operations of the Corporations to be transferred to four newly created Crown corporations (National Gallery of Canada, National Museum of Science and Technology, Canadian Museum of Civilization and Canadian Museum of Nature) listed in Part I of Schedule III of the Financial Administration Act. On June 28, 1990 the Governor in Council fixed July 1, 1990 as the day on which the said Act shall come into force. Under the new Act, the Corporation has ceased its operations on June 30, 1990.

2. Accounting policies

(a) Basis of accounting

Expenses and revenue are accounted for using the accrual basis of accounting, except for refunds of previous years' expenditure and the trust account which are recorded on a cash basis. Parliamentary appropriations are recorded in the year to which they apply.

(b) Inventories

Inventories are valued at the lower of cost and net realizable value, except for the cost of books and pamphlets which is written down on a straight-line basis over a five-year period to take into account obsolescence.

(c) Property and equipment

Property and equipment are carried at cost and depreciated using the straight-line method over their estimated useful lives as follows:

Equipment	5 to 12 years
Building renovations	25 years
Office furniture	5 to 10 years

Expenses related to the design and development of exhibits, and the fit-up of new accommodations excluding property and equipment, are charged to operations in the year they occur.

(d) Collections

Collections constitute the major portion of the Corporation's assets but are shown at a nominal value of \$1,000 on the balance sheet because of the practical difficulties in reflecting them at a meaningful value. Objects purchased for the collections of the Corporation are recorded as expenses in the year of acquisition. Objects donated to the Corporation are not recorded in the books of accounts.

(e) Services provided without charge

Amounts for services provided without charge by Government departments are included in operating expenses.

(f) Pension plan

The employees of the Corporation participate in the Public Service Superannuation Plan administered by the Government of Canada. The employees and the Corporation contribute equally to the cost of the Plan. This contribution represents the total liability of the Corporation. Contributions in respect of current service are expensed during the year in which services are rendered. With respect to admissible past service, contributions are expensed when paid; the terms of payment are set by the applicable purchase conditions.

(g) Publishing and boutiques operations

Operating expenses of publishing and boutiques, including costs relating to personnel, travel, transportation, advertising, building maintenance, rent and utilities, are included in operating expenses.

(h) Employee termination benefits

On termination of employment, employees of the Corporation are entitled to certain benefits provided for under their collective agreement and their conditions of employment. The cost of these benefits is expensed in the year in which they are earned.

3. Transfer to new Corporations

On July 1, 1990, pursuant to the Museums Act, the National Gallery of Canada, the Canadian Museum of Civilization, the Canadian Museum of Nature, and the National Museum of Science and Technology, were established as Crown corporations listed in Part I of Schedule III to the Financial Administration Act.

The assets, liabilities and equity of the National Museums of Canada at June 30, 1990 were transferred to the four new Corporations as follows:

National Research Council of Canada

MANAGEMENT REPORT

We have prepared the accompanying financial statement of the National Research Council of Canada in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in this financial statement rests with the management of the Corporation.

This financial statement was prepared in accordance with the accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in this financial statement is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill its reporting responsibility, the Corporation maintains a set of accounts which provides a centralized record of the Corporation's financial transactions. Financial information contained in the departmental statements and elsewhere in the Public Accounts is consistent with that in the financial statement, unless indicated otherwise.

The Corporation's Finance and Informatics Services develops and disseminates financial management and accounting policies, and issues directives which maintain standards of accounting and financial management. The Corporation maintains systems of financial management and internal control. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and to safeguard the Corporation's assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs. The Corporation also seeks to assure the objectivity and integrity of data in its financial statement by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communications programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

The Corporation's accounting and reporting systems are under constant review and upgrading. The Finance and Informatics Services has taken advantage of the latest in computer technology to develop a Council wide "End User Reporting System" and a comprehensive "Physical Assets Management System". The asset system offers the Council better control and tracking of its assets and both systems provide for flexible and timely management reports. In addition for 1991-92, a Project and Resource Management System is being implemented to assist in the management of projects and the related resources.

The Corporation is continuing with its many cash management initiatives. Extensive use is being made of travel cards, travellers cheques and other cost cutting measures such as discount fares and frequent flyer programs. The Council is also using credit cards as a means of making small purchases and has established a Cost Accounting Unit to assist management in matters of revenue generation, fee setting, costing and contracting-in.

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1991

1. Authority and purpose

The National Research Council of Canada was established under the National Research Council Act 1966-67 and is a departmental corporation named in Schedule II to the Financial Administration Act. The objectives of the Council are to create, acquire and promote the application of scientific and engineering knowledge to meet Canadian needs for economic, regional and social development and to promote and provide for the use of scientific and technical information by the people and Government of Canada to meet Canadian needs for economic, regional and social development. The Council's operating, capital and grant expenditures are funded through budgetary lapsing appropriations and revenue credited to vote. Employee benefits are authorized by a statutory authority.

2. Significant accounting policies

The statement of operations has been prepared using the following accounting policies:

(a) Expenditure recognition

All expenditure is recorded on the accrual basis, in accordance with the Government's PAYE accounting policy, with the exception of termination benefits and vacation pay which are recorded on the cash basis.

(b) Revenue recognition

Revenue is recorded on a cash receipts basis in accordance with the Government's accounting policies.

(c) Capital purchases

Acquisitions of capital assets are charged to operating expenditure in the year of purchase.

(d) Estimates of amounts for services provided without charge from Government departments are included in expenditures.

(e) Refunds of previous years' expenditure

Refunds of previous years' expenditure are recorded as revenue when received and are not deducted from expenditures.

The Corporation has commenced capital expenditure programs aggregating \$27,548,500 (\$7,273,500 in 1991-92, \$8,550,000 in 1992-93 and \$6,269,000 in 1993-94) for the modernization and extension to its laboratories and modernization of its equipment. To March 31, 1991 the Corporation has spent \$5,456,000 on the programs. The Corporation has also entered into a contract for the Canadian Space Station Program, Phase C2-B worth \$205,510,520 of which \$80,073,889 was spent in 1990-91, \$116,300,000 in 1991-92 and \$9,136,631 in 1992-93.

Natural Sciences and Engineering Research Council

MANAGEMENT REPORT

We have prepared the accompanying financial statement of the Natural Sciences and Engineering Research Council in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in this financial statement rests with the management of the Council.

This financial statement was prepared in accordance with the significant accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in the financial statement is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill this reporting responsibility, the Council maintains a set of accounts which provides a centralized record of the Council's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with that in this financial statement unless indicated otherwise.

The Council's Directorate of finance and administration develops and disseminates financial management and accounting policies, and issues directives which maintain standards of accounting and financial management. The Council maintains systems of financial management and internal control. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Council's assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs. The Council also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

This statement of operations has been audited by the Auditor General, his role being to express an informed opinion as to whether the Council's statement of operations, considered in its entirety, presents fairly, in conformity with stated accounting policies, the Council's financial transactions.

The accounting system and financial statement of the Council have evolved over the years to meet the changes in the structure of the grants and scholarships programs and to give improved reporting and control of expenditures relating to those programs.

AUDITOR'S REPORT

TO THE NATURAL SCIENCES AND
ENGINEERING RESEARCH COUNCIL
AND THE
MINISTER FOR SCIENCE

I have audited the statement of operations of the Natural Sciences and Engineering Research Council for the year ended March 31, 1991. This financial statement is the responsibility of the Council's management. My responsibility is to express an opinion on this financial statement based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, this financial statement presents fairly, in all material respects, the results of operations of the Council for the year ended March 31, 1991 in accordance with the accounting policies set out in Note 2 to the financial statement.

NOTES TO THE STATEMENT OF OPERATIONS MARCH 31, 1991

1. Authority and objective

The Council was established in 1978 by the Natural Sciences and Engineering Research Council Act, and is a departmental corporation named in Schedule II to the Financial Administration Act. Its objective is to promote and support both research and the provision of highly qualified personnel in the natural sciences and engineering. The Council's grants and scholarships and operating expenditures are funded by a budgetary lapsing authority. Employee benefits are authorized by a statutory authority.

2. Significant accounting policies

The statement of operations has been prepared using the following accounting policies:

(a) Expenditure recognition

Grants, scholarships, termination benefits and vacation pay are recorded on the cash basis. All other expenditure is recorded on the accrual basis, in accordance with the Government's Payables at Year End accounting policy.

(b) Capital purchases

Acquisitions of capital assets are charged to operating expenditure in the year of purchase.

(c) Services provided without charge

Estimates of amounts for services provided without charge by Government departments and agencies are included in expenditures.

(d) Refunds of previous years' expenditure

Refunds of previous years' expenditure are recorded as revenue when received and are not deducted from expenditure. These funds are remitted to the Receiver General for Canada.

(e) Contributions to the Public Service Superannuation Plan

Employees are covered by the Public Service Superannuation Plan administered by the Government of Canada. Contributions to the Plan are required from both the employee and the Council. Contributions with respect to current service are expensed in the current year. Contributions with respect to past service benefits are expensed when paid, generally over the remaining service lives of the employees.

Science Council of Canada

MANAGEMENT REPORT

We have prepared the accompanying financial statement of the Science Council of Canada (hereafter called Council) in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in this financial statement rests with the management of the Council, which also ensures that the financial management system is efficient and free from bias.

This financial statement was prepared in accordance with the stated accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in the financial statement is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill this reporting responsibility, the Council maintains a set of accounts which provides a centralized record of the Council's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with this financial statement, unless indicated otherwise.

The Council's directorate of financial services develops and disseminates financial management and accounting policies, and issues specific directives which maintain standards of accounting and financial management. The Council maintains systems of financial management and internal control at appropriate cost. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Council's assets. The Council also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

The statement of operations and the notes have been audited by the Auditor General, his role being to express an informed opinion as to whether the Council's financial statement, considered in its entirety, presents fairly, in conformity with stated accounting policies, the Council's financial transactions.

The accounting system and financial statement of the Council have evolved over the years to meet changing conditions. Council is constantly reviewing its policies and practices in order to improve its standards of accounting and financial management.

AUDITOR'S REPORT

TO THE SCIENCE COUNCIL OF CANADA
AND THE
MINISTER FOR SCIENCE

I have audited the statement of operations of the Science Council of Canada for the year ended March 31, 1991. This financial statement is the responsibility of the Council's management. My responsibility is to express an opinion on this financial statement based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, this financial statement presents fairly, in all material respects, the results of operations of the Council for the year ended March 31, 1991 in accordance with the accounting policies set out in Note 2 to the financial statement.

1. Authority and objective

The Council was established in 1966 by the Science Council of Canada Act and is a departmental corporation named in Schedule II to the Financial Administration Act. The Council's operating expenditure is funded by a budgetary lapsing authority. Employee benefits are authorized by a statutory authority.

The objective of the Council is to assess Canada's scientific and technological requirements, to increase public awareness of these requirements and of the interdependence of various groups in society in the development and use of science and technology, and to advise the Government on the best use of science and technology.

2. Accounting policies

(a) Expenditure recognition

All expenditure is recorded on the accrual basis, in accordance with the Government's accounting policy, with the exception of termination benefits and vacation pay which are recorded on the cash basis.

(b) Capital purchases

Acquisitions of office furniture and equipment are charged to expenditure in the year of purchase.

(c) Contributions to the Public Service Superannuation Plan

Employees participate in the Public Service Superannuation Plan administered by the Government of Canada. The employees and the Council contribute equally to the cost of the Plan. Contributions by the Council are charged to expenditure on a current basis.

(d) Services provided without charge

Estimated amounts for services provided without charge by Government departments are included in expenditures.

(e) Refunds of previous years' expenditure

Refunds of previous years' expenditure are recorded as non-tax revenue when received and are not deducted from expenditure. These funds are remitted to the Receiver General for Canada.

MANAGEMENT REPORT

We have prepared the accompanying financial statement of the Social Sciences and Humanities Research Council in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Council. In order to assure maximum objectivity and freedom from bias, the financial data contained in this financial statement has been examined by the audit and review committee of the Council.

This financial statement was prepared in accordance with the stated accounting policies set out in Note 2, on a basis consistent with that of the preceding year. Some of the information included in the financial statement is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill this reporting responsibility, the Council maintains a set of accounts which provides a centralized record of the Council's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with this financial statement, unless indicated otherwise.

The Council's Directorate of financial services develops and disseminates financial management and accounting policies, and issues specific directives which maintain standards of accounting and financial management. The Council maintains systems of financial management and internal control at appropriate cost. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Council's assets. Financial management and internal control systems are augmented by the maintenance of internal audit programs. The Council also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

This financial statement has been audited by the Auditor General, his role being to express an informed opinion as to whether the Council's financial statement, considered in its entirety, presents fairly, in conformity with stated accounting policies, the Council's financial transactions.

The National Battlefields Commission

MANAGEMENT REPORT

We have prepared the accompanying financial statement of The National Battlefields Commission in accordance with the reporting requirements and standards of the Receiver General for Canada. Management is responsible for the integrity and objectivity of the financial information in this report. The role of the commissioners is to ensure that management fulfills its duty regarding financial information and internal control.

This financial statement was prepared according to the accounting policies set out in Note 2 on a basis consistent with that of the preceding period. Some of the information included in the financial statement is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill its reporting responsibility management maintains a system of internal control to assure that the financial information is reliable and the assets are safeguarded. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with that in this financial statement, unless indicated otherwise. The Corporation also seeks to assure the objectivity and integrity of data in its financial statements by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communication programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

The Auditor General performed an audit on the financial statement for the year ended March 31, 1991 according to generally accepted auditing standards, his role being to express an informed opinion to see if the financial statement presents fairly the results of operations of The National Battlefields Commission for this period.

The opinion of the Auditor General is attached.

AUDITOR'S REPORT

TO THE MINISTER OF THE ENVIRONMENT

I have audited the statement of operations of The National Battlefields Commission for the year ended March 31, 1991. This financial statement is the responsibility of the Commission's management. My responsibility is to express an opinion on this financial statement based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting policies used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, this financial statement presents fairly, in all material respects, the results of the operations of the Commission for the year ended March 31, 1991 in accordance with the accounting policies set out in Note 2 to the statement of operations.

NOTES TO THE STATEMENT OF OPERATIONS
MARCH 31, 1991

1. Authority and objectives

The Commission was established in 1908 under an Act respecting The National Battlefields at Quebec for the purpose of acquiring, preserving and developing an historic battlefields park at Quebec.

The Commission is a departmental corporation named in Schedule II to the Financial Administration Act.

2. Significant accounting policies

The statement of operations has been prepared in accordance with the following accounting policies:

- Expenditures are recorded on an accrual basis, except for employee termination benefits and annual leaves which are accounted for when paid.
- Acquisitions of capital assets, supplies and small tools are charged to operating expenditures in the year of purchase.
- Expenditures include estimated amounts for services provided without charge by a Government department and for contributions to employee benefit plans funded by the statutory vote of the Parks Canada Program. They also include capital assets provided without charge by a private sector organization.
- Revenues are recorded on a cash basis.
- Contributions to the superannuation plan administered by the Government of Canada, in respect of current and admissible past services, are charged to expenditures when paid. All employees of the Commission participate in this plan. The employees and the Commission contribute equally to the cost of the plan. The contributions represent the total liability of the Commission under the plan.

4. Inventory

- (a) As at March 31, 1991, the supplies inventory held by the Commission was valued at \$35,310 (\$37,517 as at March 31, 1990). The value of the inventory has been established using the weighted average cost method.
- (b) The Commission will publish a high quality book on the history of the Plains of Abraham; the total cost of this project is estimated at \$314,000, of which \$65,200 have been disbursed as at March 31, 1991.

5. Capital assets

The cost of capital assets under the responsibility of the Commission is as follows:

	March 31, 1990	Additions	Disposals	March 31, 1991
	\$	\$	\$	\$
Lands	724,710			724,710

6. Special land and historical object purchase fund

Funds have been received from provincial and municipal governments and other administrations for the purpose of acquiring certain land and historical objects. These funds, together with revenue earned from the investment of such funds, are recorded in a special fund. As at March 31, 1991, the balance of this special fund amounts to \$192,272 (\$171,434 as at March 31, 1990) and is on deposit with the Receiver General for Canada. Interest earned during the year then ended amounted to \$19,218 (\$16,951 in 1990). Donations received for this year were \$1,620.

7. Contractual obligation

In the course of its activities, the Commission concluded many contracts. The related payments for 1991-92 amount to \$730,100.

8. Interpretation centre in the Musée du Québec

Under the terms of an agreement to be entered into with the Musée du Québec, the Commission is arranging, at an estimated total cost of \$1.6 million, an interpretation centre to be inaugurated in 1992. The agreement will be for an initial renewable term of fifteen years and will provide for reciprocal services of equal values.

AUDITOR'S REPORT

TO THE MINISTER OF AGRICULTURE

I have examined the balance sheet of the Agricultural Products Board as at March 31, 1990 and the statements of operations and equity for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Board as at March 31, 1990 and the results of its operations and the changes in its equity for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Further, in my opinion, the transactions of the Board that have come to my notice during my examination of the financial statements have, in all significant respects, been in accordance with the Appropriation Acts for the year ended March 31, 1990, the Financial Administration Act and regulations and the Agricultural Products Board Act.

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1990

1. Authority and objectives

The Agricultural Products Board (the Board), which was established in 1951, operates under the authority of the Agricultural Products Board Act and comprises four members appointed by the Governor in Council.

The objective of the Board is to stabilize the prices of agricultural commodities through the purchase and sale or delivery of surplus commodities in times of depressed markets.

During the year, the Board undertook the 1989 Surplus Ontario Grape Program, purchased Canadian pork for donation to Poland and purchased Canadian pork for subsequent sale to the USSR. As at March 31, 1990, the first two programs are complete while the purchase of Canadian pork destined for the USSR is still underway. No sales of pork to the USSR have taken place as at March 31, 1990. Programs carried over from previous years are the 1987 and 1988 Surplus Ontario Grapes Programs and the 1988 Maple Syrup Program.

2. Accounting policies

The Board follows the accrual basis of accounting.

Inventories are valued at the lower of cost and estimated net realizable value.

3. Cash held by agents

The Board has entered into an agreement with the Ontario Grape Growers' Marketing Board (OGGMB) requiring that the OGGMB provide, through a public accounting firm, accounting services to the Board and trust accounts in a chartered bank for the receipt and disbursement of funds received from the Board, funds received from the Province of Ontario and funds from the sale of surplus products in respect of the 1987, 1988 and 1989 Surplus Ontario Grape Programs. The Board's share of receipts from the sale of surplus products are transferred to the Consolidated Revenue Fund. Cash held in trust for the Province of Ontario at March 31, 1990 was \$1,112,114 (1989—\$901,547).

The Board has also entered into an agreement with R. A. Chisholm Ltd. for the administration of the USSR Pork Program. A trust account has been established by the firm for the receipt and disbursement of funds received from the Board for the purposes of this program.

4. Inventories

	1990		1989	
	Cost	Net realizable value	Cost	Net realizable value
	\$	\$	\$	\$
Grape products	1,548,971	241,000	4,629,440	2,337,251

	10,738,762	7,653,000	9,051,776	6,759,587

The write-down of inventories to their estimated net realizable value is charged to the loss from operations.

5. Subsequent event

Subsequent to the year end, the Board entered into an agreement for the sale of all its maple syrup in inventory as at March 31, 1990. In exchange, the Board will receive a non-interest bearing unsecured note for \$4,000,000 due over three years beginning in the fiscal year 1990-91. The Board's ability to recover this receivable is dependent upon the debtor's ability to pay.

6. Long-term note receivable

The note receivable will mature on December 31, 1992. It is repayable in annual instalments of \$225,000 applied first against principal and due each December 31. Interest is calculated using commercial bank prime and is non-compounding.

7. Contractual commitments

As part of the USSR Pork Program, the Board has entered into a commitment to purchase additional pork at a cost of \$16.8 million. The Board also has a commitment to sell this additional product, together with the amount in inventory as at March 31, 1990, to the USSR. The Board expects to realize total losses of \$5.3 million on the USSR Pork Program.

Agricultural Products Board—Continued**NOTES TO FINANCIAL STATEMENTS**
MARCH 31, 1990—Concluded**8. Contingency**

The Board is a defendant in a case of litigation arising from its operations. This pending litigation is for the amount of \$262,125. Any losses arising from this litigation will be charged to operations in the year that settlement occurs.

9. Food aid to Poland

As part of a food assistance program for the Polish People's Republic, under an agreement signed December 1, 1989, Canada agreed to donate approximately 1,200 tonnes of frozen pork products to Poland. In support of this program, the Board purchased and delivered 1,295 tonnes of pork products to Poland at a total cost of \$2,426,083. Pursuant to a letter of understanding between the APB and the Department of External Affairs, an amount of \$426,083, representing costs incurred for this program in excess of \$2,000,000, was financed by the Department of External Affairs. Authority for the purchase and delivery of up to 1,200 tonnes of pork products was provided by Governor in Council (P.C. 1989-2346) on November 23, 1989. This authority was subsequently increased to 1,295 tonnes by Governor in Council (P.C. 1991-1/456) on March 7, 1991.

10. Agents' commissions

The Board used the following agents during the year to carry out certain programs. The costs are included with administrative expenses, except for the Graeme Goodsir costs which were financed by the Department of External Affairs.

AUDITOR'S REPORT**TO THE MINISTER OF AGRICULTURE**

I have audited the balance sheet of the Agricultural Products Board as at March 31, 1991 and the statements of operations and equity for the year then ended. These financial statements are the responsibility of the Board's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. 2. Accounting policies

The Board follows the accrual basis of accounting.

Inventories are valued at the lower of cost and estimated net realizable value.

3. Cash held by agents

The Board has entered into an agreement with the Ontario Grape Growers' Marketing Board (OGGMB) requiring that the OGGMB provide, through a public accounting firm, accounting services to the Board and trust accounts in a chartered bank for the receipt and disbursement of funds received from the Board, funds received from the Province of Ontario and funds from the sale of surplus products in respect of the 1987, 1988 and 1990 Surplus Ontario Grape Programs.

The Board's share of receipts from the sale of surplus products are transferred to the Consolidated Revenue Fund. Cash held in trust for the Province of Ontario at March 31, 1991 was \$1,151,000 (1990—\$1,112,000).

4. Inventories

NOTES TO FINANCIAL STATEMENTS

MARCH 31, 1991—Concluded

The Board's ability to recover this receivable is dependent on the debtor's ability to pay. The debtor has defaulted on the payments due January 10, 1991 and March 31, 1991, totalling \$1,333 thousand but has indicated an intention to repay these amounts by November 30, 1991. Interest is calculated on past due amounts using the commercial bank prime rate plus 1/2%, compounded monthly until paid.

The note receivable for the 1980 Canned Vegetable Program will mature on December 31, 1992. It is repayable in annual installments of \$225 thousand applied first against principal and due each December 31. As at March 31, 1991, the receivable balance consists entirely of interest accumulated on a principal amount that was retired during the year.

6. Contingency

The Board is a defendant in a case of litigation arising from previous year's operation in the amount of \$262,000. Any losses arising from this litigation will be charged to operations in the year that settlement occurs.

MANAGEMENT REPORT

We have prepared the accompanying financial statements of the Board in accordance with generally accepted accounting principles. Some of the information included in the financial statements is based on management's best estimates and judgements and gives due consideration to materiality. To fulfill this reporting responsibility, the Board maintains a set of accounts which provides a centralized record of the Board's financial transactions. The primary responsibility for the integrity and objectivity of data in these financial statements rests with the management of the Board.

The Medical Research Council provides secretarial and other administrative and technical services to the Board, including maintaining systems of financial management and internal control. Transactions are executed in accordance with the Queen Elizabeth II Canadian Research Fund Act and are properly recorded to maintain accountability of funds and to safeguard the Board's assets.

These financial statements have been audited by the Auditor General, his role being to express an informed opinion as to whether the Board's financial statements, considered in their entirety, present fairly, in conformance with generally accepted accounting principles, the Board's financial transactions.

AUDITOR'S REPORT

TO THE BOARD OF TRUSTEES
AND THE
MINISTER OF NATIONAL HEALTH AND WELFARE

I have audited the balance sheet of the Board of Trustees of the Queen Elizabeth II Canadian Fund to Aid in Research on the Diseases of Children as at March 31, 1991 and the statements of operations and balance of fund and changes in financial position for the year then ended. These financial statements are the responsibility of the Board's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, these financial statements present fairly, in all material respects, the financial position of the Board as at March 31, 1991 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles.

Further, in my opinion, the transactions of the Board that have come to my notice during my examination of the financial statements have, in all significant respects, been in accordance with the Queen Elizabeth II Canadian Research Fund Act and by-laws of the Board.

NOTES TO THE FINANCIAL STATEMENTS
MARCH 31, 1991

1. Authority and purpose

The Queen Elizabeth II Canadian Fund to Aid in Research on the Diseases of Children was established by the Queen Elizabeth II Canadian Research Fund Act in 1959 to assist individuals or organizations to undertake or carry on research into the diseases of children, and the causes, prevention and treatment of such diseases. The Act provided for an initial one million dollar appropriation from the Consolidated Revenue Fund and established the Board of Trustees, consisting of a Chairman and six other trustees appointed by Her Majesty by commission under the Great Seal. The Board manages and administers the Fund in accordance with and subject to the Act.

2. Accounting policies

- (a) Revenue from, and investments in, Government of Canada securities

The investment in Government of Canada securities is recorded at cost. Any premium or discount on acquisition is amortized over the life of the security until maturity. Interest income is recorded on the accrual basis.

- (b) Expenses

Expenses are recorded on the accrual basis.

- (c) Services provided without charge

The Medical Research Council provides the Board, without charge, such secretarial and other administrative and technical services and facilities as are required for the purposes of the Act.

Under the terms of the Act, the Board may invest any moneys of the Fund in bonds or other securities of the Government of Canada and may sell any such bonds and securities. The securities held at March 31, 1991 bear interest at rates ranging from 8.75% to 11.14% a year. Since interest on Government of Canada residuals is paid only at maturity, the market price of these residuals takes into account accrued interest, current prevailing interest rates and the term to maturity.

4. Queen Elizabeth II Visiting Professorships

At a Board of Trustees meeting on March 20, 1985, a decision was taken not to offer any new scientist awards for the time being. At the same meeting, the Board approved the establishment of a Lectureship Award to be known as the Queen Elizabeth II Visiting Professorship, to enable Canadian departments of pediatrics to invite scientists of international calibre to visit their departments. This is designed to help strengthen these departments' scientific and research efforts in childhood diseases. The first awards were made in 1986-87.

5. Queen Elizabeth II Canadian Research Fund/MRC Scientist Awards

At a meeting of the Board of Trustees on March 27, 1990 it was agreed that a new joint Queen Elizabeth II Canadian Research Fund/Medical Research Council Scientist Award Program be established. The Medical Research Council subsequently approved the joint program in June 1990. It was agreed that the program would be in effect for five years with

the Queen Elizabeth II Canadian Research Fund providing full funding for the first year and funding for subsequent years shared equally with the Medical Research Council. Each award amounts to \$205,000 and is funded over a three year period. Future year commitments of the Queen Elizabeth II Canadian Research Fund are as follows:

Canadian Grain Commission

MANAGEMENT REPORT

We have prepared the accompanying financial statement of the Canadian Grain Commission in accordance with the reporting requirements and standards of the Receiver General for Canada. The primary responsibility for the integrity and objectivity of data in the financial statement rests with the management of the Commission.

This financial statement was prepared in accordance with the accounting policies set out in Note 2, on a basis consistent with that of the preceding year. To fulfill its reporting responsibility, the Commission maintains a set of accounts which provides a centralized record of the Commission's financial transactions. Financial information contained in the ministerial statements and elsewhere in the Public Accounts is consistent with that in the financial statement, unless indicated otherwise.

The Department of Agriculture's Directorate of financial services develops and disseminates financial management and accounting policies, and issues directives which maintain standards of accounting and financial management. The Commission maintains systems of financial management and internal control. Transactions are executed in accordance with prescribed regulations, within parliamentary authorities, and are properly recorded to maintain accountability of Government funds and safeguard the Commission's assets. The Commission also seeks to assure the objectivity and integrity of data in its financial statement by the careful selection, training and development of qualified staff, by organizational arrangements that provide appropriate divisions of responsibility, and by communications programs aimed at ensuring that its regulations, policies, standards and managerial authorities are understood throughout the organization.

This financial statement has been examined by the Auditor General, his role being to express an informed opinion as to whether the statement, considered in its entirety, presents fairly, in conformity with stated accounting policies, the Commission's results of operations.

The accounting system and financial statement of the Commission have evolved over the years to meet changing conditions.

AUDITOR'S REPORT

TO THE CHIEF COMMISSIONER AND COMMISSIONERS
CANADIAN GRAIN COMMISSION

I have audited the statement of operations of the Canadian Grain Commission for the year ended March 31, 1991. This financial statement is the responsibility of the Commission's management. My responsibility is to express an opinion on this financial statement based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, this financial statement presents fairly, in all material respects, the results of operations of the Commission for the year ended March 31, 1991 in accordance with the accounting policies set out in Note 2 to the financial statement.

**NOTES TO STATEMENT OF OPERATIONS
MARCH 31, 1991****1. Authority and objectives**

The Canadian Grain Commission was established under Section 3 of the Canada Grain Act (1970) to establish and maintain standards of quality for Canadian grain and regulate grain handling in Canada, to ensure a dependable commodity for domestic and export markets. The Canadian Grain Commission operates under lapsing authority however, there are some personnel costs covered by statutory authorities.

The Commission exercises certain responsibilities under the following Acts and associated regulations in addition to the Canadian Grain Act:

Financial Administration Act
Grain Futures Act
Weights and Measures Act
Western Grain Stabilization Act
Western Grain Transportation Act
Inland Water Freight Rates Act

2. Significant accounting policies

The statement of operations has been prepared in accordance with the reporting requirements and standards of the Receiver General for Canada for reporting the results of operations of the Commission in the Public Accounts of Canada. The most significant accounting policies used in the preparation of the statement are as follows:

(a) Expenditure recognition

All expenditures are recorded on the accrual basis, in accordance with the Government's accounting policy, with the exception of termination benefits and vacation pay which are recorded on the cash basis.

(b) Revenue recognition

Revenue is recorded on a cash basis in accordance with Government of Canada accounting policies. Revenue is credited directly to non-tax revenue.

(c) Capital purchases

Acquisitions of capital assets are charged to operating expenditure in the year of purchase.

(d) Amounts representing services provided without charge from Government departments are included in expenditure.**(e) Refunds of previous years' expenditure are recorded as revenue when received and are not deducted from expenditure.**

4. Accounts receivable

As at March 31, 1991, accounts receivable from outside parties for services provided by the Commission were \$3,673,899 (1990—\$3,596,536).

5. Lease commitments

Lease commitments under operating leases with terms of more than one year total \$4,027,872. The future aggregate minimum lease payments by fiscal year are as follows:

	\$
1992	2,643,907
1993	469,399
1994	394,275
1995	349,331
1996 and on	170,960

6. Contingent liabilities

Pursuant to the Canada Grain Act, the Commission licences grain dealers and elevators. Prior to licensing, the Commission must satisfy itself that applicants have provided security to satisfy their obligations to holders of documents for the delivery of grain or the payment of money.

On May 22, 1991, the Federal Court of Appeal upheld judgments of the Federal Court in relation to actions taken against the Canadian Grain Commission for damages involving the default of two licensees, Memco Limited and Econ Consulting Ltd., where the security held by the Commission was insufficient to cover all outstanding eligible obligations. The Court held that the Commission was negligent and awarded damages amounting to approximately \$3,300,000. The Department of Justice is considering advice on whether to seek leave to appeal to the Supreme Court of Canada. There are other actions for damages totaling approximately \$2,100,000 relating to the licensing and security provisions that are pending.

The Commission could be liable for damages depending on the ultimate outcome of these cases. In the opinion of management and legal counsel, the likelihood and extent of liability cannot be fully determined at the present time. Accordingly, no provision has been made in the accounts of the Commission.

Discoveries have been completed with respect to an action for negligence initiated by the Ontario Wheat Producers Marketing Board which names various Government agencies, including the Canadian Grain Commission. Damages are claimed for storage and transportation costs. No provision has been made for potential damages since the validity of the claim is unproven and the extent of losses, if any, cannot be determined at the present time.

Settlement, if any, that may be made with respect to these actions, is expected to be accounted for in the year in which the settlement occurs.

Debts, obligations and claims written off or forgiven

There are three types of approval/authority for the write-off or forgiveness of debts, obligations and claims:

- (i) Ministerial approval represents authority given to Ministers under the Financial Administration Act (FAA) or other Acts of Parliament as described in (i)(a) and (b)—
- (a) Section 25(1) of the FAA gives Ministers, through Treasury Board regulations, general authority to approve the write-offs, from memorandum departmental accounts receivable, of any debt other than overpayments of salaries, wages, and employment-related allowances, obligation or claim that does not exceed \$25,000.
- (b) Other Acts of Parliament (eg. Bankruptcy Act) give Ministers general authority to approve the write-off or forgiveness of specific debts, obligations or claims.
- (ii) Treasury Board approval— Section 25(1) of the FAA allows a Minister, with specific Treasury Board approval, to write-off, from memorandum departmental accounts receivable, any debt, obligation or claim that exceeds \$25,000. Certain debts, obligations or claims less than \$25,000, such as the overpayment of salaries, wages and employment-related allowances, may need Treasury Board approval to be written off.
- (iii) Parliamentary authority—
- (a) Section 25(2) of the FAA requires that where a debt, obligation or claim included in the Statement of Assets and Liabilities of Canada is to be written off, the write-off must be authorized by Parliament as a budgetary item in an Appropriation Act or some other Act.
- (b) Section 25(4) of the FAA specifies that any debt, obligation or claim of a Crown corporation due to the Government may be forgiven by being included in a budgetary vote of an Appropriation Act.
- (c) Ministers may also be given specific approval to forgive a debt, obligation or claim as provided by Parliament in a specific Act.

Statement of accounts receivable for tax revenue

In accordance with its accounting policies, the Government reports tax revenue in the year in which it is received. However, amounts representing billed but uncollected and/or unbilled and accrued financial claims arising from amounts owed to a Government body for self-assessed taxes are not recorded as accounts receivable in the accounts of Canada, nor are they reported as assets on the Statement of Assets and Liabilities. These items, therefore, are controlled through memorandum accounts kept by Government bodies and are presented in this statement.

In order to comply with generally accepted accounting principles for governments, the Government accounts for non-tax revenue in the fiscal year in which the transactions occurred that gave rise to the revenues and may also include charges related to the provision for non-tax accounts receivable. These revenues are recorded in the accounts of Canada and reported as assets in the Statement of Assets and Liabilities.

In the following table, the column outside parties represents tax revenue receivable from outside the Government. Allowance for doubtful accounts represents the total tax revenue receivable scheduled for write off or forgiveness plus an allowance for doubtful accounts based on the best estimate of all or any amounts which may not be collected. Internal to the Government are amounts of tax revenue receivable collectable from Government bodies. A Government body is an organization which is part of the Government of Canada as an accounting entity.

Items shown as Internal to the Government do not represent cash to be received. They are memorandum amounts and are not included in the total net accounts receivable.

Accounts receivable written-off or forgiven are included in Section 3 of this volume (Statement of debts, obligations and claims written-off or forgiven).

* Comparative figures for the previous year have been restated.

⁽¹⁾ Included in the statement is corporate Part VII tax of \$1,262,117 which is refundable when investment tax credits or share-purchase tax credits are earned by the corporations.

⁽²⁾ Scientific Research Tax Credit (SRTC) information:

The amounts under SRTC represent "returns assessed" (\$120,557,223 net) and are assessments of Part VIII tax returns relating to scientific research projects expenditures that have not been accepted as tax credits under SRTC legislation. Excluded from accounts receivable are "designations assessed" (\$49,716,035), which comprise tax credits that can either be applied to tax payable or if no scientific research has been completed will become accounts receivable. This can only be determined through the audit process which is underway. Allowance for doubtful accounts for 1990 included both "Returns assessed" and "Designations assessed" (\$99,662,453). Based on "Returns assessed" (\$975,877,012), the adjusted amount is \$819,736,690 and net accounts are \$156,140,322.

⁽³⁾ This statement includes receivables of the Unemployment Insurance Account. National Revenue—Taxation has reported \$69,625,125 in Unemployment insurance accounts receivable as at March 31, 1991 (\$59,486,780 as at March 31, 1990) which represent deductions at source.

⁽⁴⁾ During the year, total write-offs and forgiveness of accounts receivable as detailed in Section 3 of this volume amounted to \$651 million. That statement also includes Parliamentary write-offs and forgiveness of loans, investments and advances which totalled \$3 million.

Professional and Special Services

This section presents, for each program, the total amount spent for each classification of services together with a detailed listing of (a) individual payments of \$100,000 or over; or (b) the aggregate of all payments to one individual or one organisation that totals \$100,000 or over. A summary of total current year's expenditure (standard object 04 and related portion of standard object 15) by department and agency is provided in Section 1 (Table 3) of Volume II (Part I).

The following statement presents a summary of professional and special services by ministry and main classification for the year ended March 31, 1991.

Construction and/or acquisition of land, buildings and works

This statement provides total current year's expenditure by program, with details for contracts of \$250,000 or over (\$25,000 or over for cost plus contracts). In this statement:

- one asterisk {*} adjacent to amounts in the expenditures to date column indicates that amounts reported in previous year's Public Accounts relating to expenditures to date have been amended in the current year;
- two asterisks {*} adjacent to name and location of contractor indicate that the contracts have been awarded through the Department of Public Works;
- three asterisks {***} adjacent to amounts in the amount of contract column indicate cost plus contracts; and,
- an {f} adjacent to amounts in the expenditures to date column indicates the contracts completed in the current year.

A summary of total current year's expenditure (standard object 08) by department and agency is provided in Section 1 (Table 3) of Volume II (Part I).

Transfer payments

A transfer payments is a grant, contribution or other payment made by the Government for which no goods or services are received, and which is made for the purpose of furthering program objectives. This section presents, for each program, the total expenditure by recipient or class of recipients, together with a detailed listing of individual payments of \$100,000 or over. A summary of total current year's expenditure (standard object 10 and related portion of standard object 15) by department and agency is provided in Section 1 (Table 3) of Volume II (Part I).

Federal contributions in respect of provincial and territorial health care services are included under the Established Programs Financing arrangements found in Part V of the Federal-Provincial Fiscal Arrangements and Federal Post-Secondary Education and Health Contributions Act. Total entitlements of each province are based on an equal per capita amount determined in accordance with the legislation. The tax contribution is the current value of a legislatively prescribed number of tax points (and the Fiscal Equalization associated with them). Cash payments are the difference between total entitlements and the tax contribution plus adjustments related to prior years payments. The equalization associated with the tax transfer is paid under the Fiscal Equalization program administered by the Department of Finance. The amount of these cash and tax transfers in 1990-91 is shown above.

The payment of cash contributions is also subject to provisions of the Canada Health Act. The Act requires that the provinces meet certain criteria and conditions including not permitting extra billing by a medical practitioner or a dentist or the assessment of specified user charges by a hospital. Should a province fail to comply with these specific conditions, the Act provides for automatic deductions from the cash contributions. During 1990-91 no deductions were made.

Federal contributions in respect of provincial and territorial health care services are included under the established programs financing arrangements found in Part VI of the Federal-Provincial Fiscal Arrangements and Federal Post-Secondary Education and Health Contributions Act. These contributions are calculated from a predetermined base amount escalated on the basis of growth in the gross national product. In recent years, adjustments have been made to the escalator because of federal restraint. This value is then multiplied by the population of each province to determine the provincial entitlement. These contributions take the form of a transfer of a predetermined number of tax points (and associated equalization) estimated at 8.0 billion in 1990-91, together with a residual cash payment (as shown above). The payment of these cash contributions is also subject to various provisions of the Canada Health Act. In order that a full cash contribution may be paid, provinces must satisfy program criteria respecting public administration, comprehensiveness, universality, portability and accessibility throughout the fiscal year, and in addition must agree to provide the Minister of Health and Welfare with required information and must give recognition to the contributions and payments made by Canada under the Canada Health Act.

Additionally, the Act requires that the provinces must not permit extra billing by a medical practitioner or a dentist (for surgical dental services requiring a hospital for their proper conduct) or the assessment of user charges by a hospital. Should a province fail to comply with these conditions, the Act provides for automatic deductions from cash contributions. All provinces are presently complying with these requirements, as they are defined under the Canada Health Act.

The Canada Assistance Plan Act authorizes the Government to enter into agreements with provinces and territories for sharing the costs of social assistance provided to persons in need, and welfare services provided to persons in need or likely to be in need. The rate of the federal contribution is 50% of the eligible and shareable costs.

- (1) The Province of Quebec has opted to receive special funding in lieu of cost sharing under the Canada Assistance Plan, in accordance with Part VII for Special Welfare programs of the Federal-Provincial Fiscal Arrangements and Federal Post-Secondary Education and Health Contributions Act. Under these provisions, the Province of Quebec is entitled to receive a combination of cash and tax abatement units equivalent to the transfer payments which would have been made had it opted to participate in the Canada Assistance Plan.

The amounts received by Quebec were:

The New Horizons Program was established in 1972 to encourage and enable retired Canadians to become more actively involved in the life of their community. This objective is accomplished by providing professional assistance and financial contributions to help groups of seniors to plan and develop projects in keeping with their interests and talents. These projects help participating seniors to remain socially active and provide them with an opportunity to become involved in community service projects which help many seniors to prolong an independent life-style.

APPENDIX 5

Summary of payments under the Family Allowances Act (National Health and Welfare)

Year ended March 31	Number of recipients (in thousands)	Number of children (in thousands)	Payments (in millions of dollars)
1991	3,754	6,756	2,736
1990	3,699	6,658	2,654
1989	3,675	6,609	2,606
1988	3,666	6,597	2,564
1987	3,659	6,592	2,534

Federal Family Allowances are paid in respect of dependent children under age 18. Although payment is normally made to the mother, it may be made to any person who has assumed responsibility for the maintenance of the child. Special allowances are paid for children who are maintained by agencies or institutions. The legislation provides for annual escalation of the allowance in January of each year in accordance with increases in the Consumer Price Index in excess of 3%. The federal monthly rate of family allowances per child was \$33.33 in 1990 and \$33.93 in 1991. Special allowances were \$49.72 a month in 1990 and \$50.61 in 1991.

A provincial government may request the federal government to vary the federal Family Allowances rate payable in that province on the basis of the age of the children or the number of children in the family, or both, provided that the smallest monthly payment in that province is at least 60% of the federal rate and the average monthly amount paid for all children in that province is equal to the monthly federal rate. The provinces of Alberta and Quebec have exercised this option.

In March 1991, there were 3,754,080 families and agencies receiving an average of \$61.74 on behalf of 6,756,022 eligible children.

Child Tax Credit is an income-tested benefit designed to assist low and middle income families with children. The basic amount of 1990 Child Tax Credit was \$575.00 per child. The total credit payable in 1990 was reduced by 5% of net family income above \$24,769. Payments applicable to taxation years, 1988, 1989 and 1990 made from April 1, 1990 to March 31, 1991 amounted to \$39,473,474, \$1,230,953,966 and \$823,624,168 respectively, a total of \$2,094,051,608.

A full or partial basic Old Age Security pension is payable at age 65 or later to everyone who has met certain residence requirements.

A Guaranteed Income Supplement is an additional amount payable to pensioners who have little or no income apart from the Old Age Security pension. Entitlement is normally based on income in the preceding calendar year, computed in accordance with the Income Tax Act. Where a married couple is concerned, each is considered to have one half of their combined income.

Spouse's Allowance is payable to the spouse of a pensioner if the spouse is age 60 to 64 and to widows and widowers aged 60 to 64. All recipients must meet certain residence requirements. Entitlement is based on income.

All benefits under the Old Age Security program are subject to change in January, April and October of each year based on increase in the Consumer Price Index.

The benefits in effect as at April 1, 1991 were as follows:

Monthly benefits

OAS (basic)	\$
GIS (maximum)	362.37
Single person or a married person whose spouse is not in receipt of OAS or SPA	430.65
Married couple, both pensioners—Each	280.50
Spouse's Allowance (maximum)	642.87
Widowed recipients	709.73

In March 1991, there were 3,098,506 old age security pensioners, of whom 1,346,483 or 43.46% were also receiving a supplement; the average supplement paid was \$254.00. In addition, there were 120,929 spouses of pensioners in receipt of spouse's allowance. The average spouse's allowance benefit was \$319.00.

Federal contributions in respect of post-secondary education are included under the Established Programs Financing arrangements found in Part V of the Federal-Provincial Fiscal Arrangements and Federal Post-Secondary Education and Health Contributions Act. Total entitlements for each province are based on a equal per capita amount determined in accordance with the legislation. The tax contribution is the current value of a legislatively prescribed number of tax points (and the Fiscal Equalization associated with them). Cash payments are the difference between total entitlements and the tax contribution plus adjustments related to prior years payments. The equalization associated with the tax transfer is paid under the Fiscal Equalization program administered by the Department of Finance. The amount of these cash and tax transfers in 1990-91 is shown above.

⁽¹⁾ For unmatured debt, the amount of principal represents the closing balance as at March 31, 1991. For specified purpose accounts and the other accounts, the amount of principal represents the net closing balance as at March 31, 1991.

⁽²⁾ Amounts reported in this column represent interest (i.e. interest on unmatured debt (including Treasury bill and Canada bill discounts), on specified purpose accounts and on other accounts) unless otherwise indicated.

⁽³⁾ Converted to \$1 US = \$1.1577 Canadian.

⁽⁴⁾ These amounts include charges and receipts for swap agreements which correspond to these debt issues.

⁽⁵⁾ Converted to 1 SF = \$.7959 Canadian.

⁽⁶⁾ Converted to 1 Y = \$.008208 Canadian.

⁽⁷⁾ Term to maturity is 20 years, or such lesser period as may from time to time be fixed by the Minister of Finance on recommendations of the Chief Actuary of the Office of the Superintendent of Financial Institutions, redeemable in whole or in part before maturity only at the option of the Minister of Finance.

⁽⁸⁾ Interest on this balance is distributed to the Provinces of Ontario and Quebec on a basis of population.

Payments of damage claims

This statement provides, by ministry and program, details for all payments of damage claims of \$1,000 or over. Payments of less than \$1,000 are reported as one amount at the end of each program, together with the total number of such claims. A damage claim is a claim for damages for which the Crown was liable under the Crown Liability Act.

Ex gratia payments

This statement provides, by ministry and program, details for all ex gratia payments of \$100 or over. Payments of less than \$100 are reported as one amount at the end of each program, together with the total number of such payments. For the purposes of this statement, an ex gratia payment is a payment for which no liability is recognized, whether or not any value or service has been received, and that is made as an act of benevolence in the public interest.

Nugatory payments

This statement provides, by ministry and program, details for all nugatory payments of \$100 or over. Payments of less than \$100 are reported as one amount at the end of each program, together with the total number of such payments. For the purposes of this statement, a nugatory payment is a payment for which no value or service has been received, but for which a liability is recognized.

FEDERAL-PROVINCIAL SHARED-COST PROGRAMS

This statement presents, by province and territory, and for each federal-provincial shared-cost program, the current year and previous year expenditures and the expenditures from inception of the program. Programs are reported year after year until completion, and this even if there is no expenditure in a given year. An (f) adjacent to the total expenditures from inception indicates the programs completed in the current year. In this statement, amounts in roman type represent current year expenditures, amounts in **bold face** type represent previous year expenditures and amounts in *italic* type represent expenditures from inception.

Financial assistance given to railways by the Government of Canada in 1990-91 (with cumulative figures to March 31, 1991)

The 1952 Canadian National Railways Capital Revision Act stated that "The Minister shall include annually in the Public Accounts a summary statement of all assistance, including land grants, guarantees and capital subsidies but not including grants made pursuant to statutes for the relief of unemployment, that has at any time been given by the Government of Canada to each of (a) the National System (Canadian National Railway System), including its predecessor companies; (b) the Pacific Railways (Canadian Pacific Limited) as defined in the 1952 Canadian National-Canadian Pacific Act, including its predecessor companies; and (c) any other railway".

The following statement presents the budgetary and non-budgetary financial assistance showing annual and cumulative payments. Cumulative budgetary assistance

includes miscellaneous program expenditures in which the corporations have benefited. Only individual payments of \$50,000 or over are reported in this statement.

Railways have been interpreted to include the following for purposes of this statement: (i) for Canadian National Railways—all companies owned, operated or managed by Canadian National, (ii) for Canadian Pacific Limited—only companies engaged in transportation, communications and hotel activities.

Non-budgetary assistance represents the net increase or decrease to loans, investments and advances.

Budgetary assistance represents a charge to budgetary appropriations which affect the annual deficit or surplus of the Government.
